What is Industrial Participation?

- ❑ Industrial Participation Is A Set Of Requirements Set Forth By A Country's Government
- ❑ In Certain Industries Major Product Purchases From Another Country, Creates An Obligation For The Exporter Country To Purchase A Certain Amount Of Goods In Return
- ❑ Offsets Can:
 - Be Work Placed With The Country's Defense Industry
 - Lead To Procurement Of Other Local High Technology Industrial Products
 - Support The Growth Of Export Trade
 - Be Transfer Of Technology Or Assets
 - Be Considered Investments Or Equity In Local Enterprises

The screenshot shows a web browser window with the URL <https://p2pa1qep.us.lmco.com:56601/rij/portal>. The page header includes the "LM Procure to Pay" logo and the Lockheed Martin logo. A navigation bar contains several menu items: PO Delivery, RFX and Auctions, Supplier Report Card, Ship to LMC, LM Invoicing, SCAR / SCAN, Current Approvals, Source Acceptance, Manage My Users, and Supplier Collaboration Hub. A callout box with a mouse cursor points to the "Supplier Collaboration Hub" link, containing the text: "From the supplier LMP2P portal, click **Supplier Collaboration Hub**". Below the navigation bar, there is a breadcrumb trail "Home > Home > Home" and a sidebar with "Home" and "Commonly Used Forms" (including Accounts Payable and LM Supplier UID). The main content area displays a system disclaimer and a reminder about export control laws.
