The acceptance of this Purchase Order, by acknowledgment or performance of services, shall constitute acceptance of the conditions set forth below and on the face of this Purchase Order. No purported acceptance of this Purchase Order on terms and conditions which modify, supersede, or otherwise alter the terms and conditions hereof shall be binding upon Buyer.

2. DELIVERY

Delivery must be in strict compliance with the schedule contained in the Statement of Work, attached hereto and incorporated herein by this reference.

3. INSPECTION OF SERVICES

- (a) Definitions. "Services," as used in this clause, includes services performed, workmanship, and material furnished or used in the performance of services.
- (b) The Seller shall provide and maintain an inspection system acceptable to the Buyer covering the services under this Purchase Order. Complete records of all inspection work performed by the Seller shall be maintained and made available to the Buyer during Purchase Order performance and for as long afterwards as the Purchase Order requires.
- (c) The Buyer has the right to inspect and test all services called for by the Purchase Order, to the extent practicable at all times and places during the term of the Purchase Order. The Buyer shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If any of the services do not conform with Purchase Order requirements, the Buyer may require the Seller to perform the services again in conformity with Purchase Order requirements at no increase in Purchase Order price. When the defects in services cannot be corrected by re-performance, the Buyer may (1) require the Seller to take necessary action to ensure that future performance conforms to Purchase Order requirements and (2) reduce the Purchase Order price to reflect the reduced value of the services performed.
- (e) If the Seller fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with Purchase Order requirements, the Buyer may (1) by contract or otherwise, perform the

services and charge to the Seller any cost incurred by the Buyer that is directly related to the performance of such service or (2) terminate the Purchase Order for default.

4. PRICES

Unless otherwise specified, prices shall include all federal, state and local taxes. Seller warrants that prices charged for the services are not higher than those charged to any other customer, including the Government, for services of like grade and quality in similar or lesser quantities.

5. PAYMENT

- (a) The Seller shall submit monthly estimates of the amount and value of the work accomplished and services performed and ensure that such work and services meet the standards of quality established under or required by this Purchase Order. The estimates and two (2) copies of an invoice shall be prepared by the Seller, accompanied by any required supporting data, and submitted to the Buyer for review.
- (b) Upon approval of the estimate by the Buyer, payment upon receipt of a properly executed invoice shall be made to the Seller, as soon as practicable, of 90 percent of the approved amount, less all previous payments. Whenever the Buyer determines that the work is substantially complete and that the amount retained is in excess of the amount adequate for the protection of the Buyer, the Buyer may release the excess amount to the Seller.
- (c) Upon satisfactory completion by the Seller and acceptance by the Buyer of the work done by the Seller under the "Statement of Architect-Engineer Services", the Seller will be paid the unpaid balance of any money due for work under the statement, including retained percentages relating to this portion of the work. Upon satisfactory completion and Buyer's final acceptance of the work, the Seller shall be paid any unpaid balance of money due under this Purchase Order.
- (d) Before final payment under this Purchase Order or before settlement upon termination of the Purchase Order, the Seller shall execute and deliver to the Buyer a release of all claims against the Buyer arising under or by virtue of this Purchase Order, other than any claim that is specifically excepted by the Seller from the operation of the release in an amount stated in the release.

6. WARRANTY OF SERVICES

- (a) Notwithstanding inspection and acceptance by the Buyer or any provision concerning the conclusiveness thereof, the Seller warrants that all services and any supplies that may be used or delivered in connection with the services performed under this Purchase Order will be free from defects in workmanship and conform to the requirements of this Purchase Order. The Buyer shall give written notice of any such defect or nonconformance to the Seller within twelve (12) months of the performance of the services. Such notice shall state either (i) that the Seller shall correct or re-perform any defective or non-conforming services, or (ii) that the Buyer does not require correction or re-performance. If the Seller is required to correct or re-perform, it shall be at no cost to the Buyer. Any services corrected or re-performed by the Seller pursuant to this clause shall be subject to all provisions of this clause to the same extent as work initially performed. If the Seller fails or refuses to correct or re-perform, the Buyer may, by Purchase Order or otherwise, correct or replace with similar services and charge to the Seller the cost occasioned to the Buyer thereby, or obtain an equitable adjustment in the Purchase Order price.

- (b) Year 2000 compliant, as used in this clause, means that with respect to information technology, that the information technology accurately processes date/time data (including but not limited to, calculating, comparing, and sequencing) from, to, and between the twentieth and twenty-first centuries, and the years 1999 and 2000 and leap year calculations, to the extent that other information technology, used in combination with the information technology being acquired, properly exchanges date/time data with it.

Any and all products provided hereunder will be Year 2000 compliant at the time of delivery to Lockheed Martin Corporation (Lockheed Martin), including but not limited to accurately inputting, storing, manipulating, comparing, calculating, updating, displaying, outputting, and transferring such dates and data unless otherwise expressly provided herein by Lockheed Martin.

This provision takes precedence over all other provisions of this agreement with respect to Year 2000 compliance. In the event of a discovery of any non-compliance, either before, concurrent with, or subsequent to delivery of a good or service under this agreement, the discovering party shall notify the other party within five (5) business days of discovery. If the defective good or service is being presented for acceptance or has already been delivered, at Lockheed Martin's option, the defective good or service shall be repaired or replaced within ten (10) business days of such notice at no cost to Lockheed Martin.

Nothing in this provision shall be construed to limit any other rights or remedies under this contract, at law or in equity that Lockheed Martin may have with respect to Year 2000 compliance.

- (c) The rights and remedies of Buyer provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided at law, in equity, or under this PO.

7. COMPLIANCE WITH LAWS AND REGULATIONS

Seller shall comply with applicable statutes, rules, regulations and orders of the United States, and of any State or political subdivision thereof, and agrees to indemnify Buyer against any loss, cost, damage or liability by reason of Seller's violation.

8. CHANGES

The Buyer may at any time, by written order and without notice to the sureties, if any, make changes within the general scope of this Purchase Order in the services to be performed. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, the Buyer shall make an equitable adjustment in the Purchase Order price, the delivery schedule, or both, and shall modify the Purchase Order. The Seller must assert its right to an adjustment under this clause within 20 days from the date of receipt of the written order. Any claim not so made by Seller shall be deemed to have been waived, however, if the Buyer decides in its sole discretion that the facts justify it, the Buyer may receive and act upon a proposal submitted before final payment of the Purchase Order. If the Seller's proposal includes the cost of property made obsolete or excess by the change, the Buyer shall have the right to prescribe the manner of the disposition of the property. Failure to agree to any adjustment shall be a dispute under the Disputes clause. However, nothing in this clause shall excuse the Seller from proceeding with the Purchase Order as changed. No services for which an additional cost or fee will be charged by the Seller shall be furnished without the prior written authorization of the Buyer.

9. SUSPENSION OF WORK

- (a) The Buyer may order the Seller, in writing, to suspend, delay, or interrupt all or any part of the work of this Purchase Order for the period of time that the Buyer determines appropriate for the convenience of the Buyer.
- (b) If the performance of all or any part of the work is, suspended, delayed, or interrupted for an unreasonable period of time, (1) by an act of the Buyer in the administration of this Purchase Order, or (2) by the Buyer's failure to act

within the time specified in this Purchase Order (or within a reasonable time if not specified), an adjustment shall be made for any increase in the cost of performance of this Purchase Order (excluding profit) necessarily caused by the unreasonable suspension, delay, or interruption, and the Purchase Order shall be modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Seller, or for which an equitable adjustment is provided for or excluded under any other term or condition of this Purchase Order.

- (c) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Seller shall have notified the Buyer in writing of the act or failure to act involved (but this requirement shall not apply to a claim resulting from a suspension order), and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the Purchase Order.

10. TERMINATION

- (a) The Buyer may terminate this Purchase Order in whole or, from time to time, in part, for the Buyer's convenience or because of the failure of the Seller to fulfill the Purchase Order obligations. The Buyer shall terminate by delivering to the Seller a Notice of Termination specifying the nature, extent, and effective date of the termination. Upon receipt of the notice, the Seller shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Buyer all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this Purchase Order, whether completed or in process.
- (b) If the termination is for the convenience of the Buyer, the Buyer shall make an equitable adjustment in the Purchase Order price but shall allow no anticipated profit on unperformed services.
- (c) If the termination is for failure of the Seller to fulfill the Purchase Order obligations, the Buyer may complete the work by Purchase Order or otherwise and the Seller shall be liable for any additional cost incurred by the Buyer.
- (d) If after termination for failure to fill Purchase Order obligations, it is determined that the Seller had not failed, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Buyer.

- (e) The rights and remedies of the Buyer provided in this clause are in addition to any other rights and remedies provided by law or under this Purchase Order.

Failure by Buyer either to enforce at any time the provisions hereof or to protest at any time any breach or default thereof shall not be construed as evidence to interpret the requirements of this PO, nor as a waiver of the requirements of such provisions, nor of the right of Buyer thereafter to enforce each and every such provision. Buyer's approval of documents shall not relieve Seller from compliance with specifications related to this PO. All rights and obligations hereunder shall survive final performance of this PO.

18. DISPUTES

Except as otherwise provided in this PO, Buyer and Seller shall have the right to redress any dispute arising under or related to this PO, which is not disposed of by agreement, by pursuing any right or remedy which Buyer or Seller, as the case maybe, may have at law, or in equity, or under this PO in any United States court of competent jurisdiction. - (c) Governing Law: This PO shall be construed, interpreted and applied in accordance with the Federal law of Government contracts as enunciated and applied by Federal judicial bodies and boards of contract appeals.
