To the extent that any clause included in this PSFD is inapplicable to the performance of this Contract, the parties shall consider such clauses to be self-deleting and shall not impose any obligations upon the SELLER.

For purposes of this Section H, the following terms shall have the meanings set forth below:

(a) "Contract" means the instrument of contracting, such as "PO", "Purchase Order", or "Task Order", or other such type designation, including all referenced documents, exhibits and attachments. If these terms and conditions are incorporated into a "master" agreement that provides for releases, (in the form of a Purchase Order or other such document) the term "Contract" shall also mean the release document for the Work to be performed.

(b) "Government" means United States Government.

Technical Data under DFARS 252.227-7013, “Rights In Technical Data—Noncommercial Items,” or Software and Software Documentation under DFARS 252.227-7014, “Rights in Noncommercial Software and Noncommercial Software Documentation,” if it were delivered in written form, shall not lose its status as technical data, software or software documentation solely because access by the Government or Lockheed Martin or delivery by the Seller is by electronic means. H-2 CONCURRENCY MANAGEMENT

(a) The JSF production effort in LRIP 1 is occurring at the same time as, or concurrently with, the System Development and Demonstration (SDD) program. Due to this concurrency, the LRIP 1 production configuration of the JSF Air System may evolve or change as the design matures and systems are tested and qualified during SDD development testing. LOCKHEED MARTIN, in its prime contract with the US Government, is responsible for incorporating concurrency related changes into the LRIP production Air Systems. The purpose of this clause is to describe SELLER’s responsibility to support LOCKHEED MARTIN in incorporating concurrency related changes into LRIP production.

(b) Definitions.

Concurrency Change – Changes to the LRIP 1 production baseline Air System hardware or software resulting from SDD design maturation processes which require incorporation into the LRIP 1 Air System in order to meet contract capability or the JSF Air System Contract Specification.

Concurrency Change Plan – Action required by LOCKHEED MARTIN to implement a Concurrency Change into the LRIP 1 production Air System.

Configuration Management Plan 2YZA00017 Rev C, Section 4.1 – describes the requirements for addressing the concurrency management process.

Pre-Acceptance Concurrency Action – Incorporation of a Concurrency Change prior to acceptance of the SELLER’s Item.

Post-Acceptance Concurrency Action – Incorporation of a Concurrency Change after acceptance of the SELLER’s Item via a post-delivery installation kit.

(c) SELLER Responsibility to Support and Incorporate Concurrency Related Changes.

(1) Material or Workmanship Deficiencies: Concurrency Changes do not include material and workmanship deficiencies. SELLER is obligated to correct material or workmanship deficiencies in accordance with the terms of the Contract.

(2) For any Concurrency Change that does not involve a deficiency in material or workmanship, SELLER will support the LM Concurrency process by a Not to Exceed (NTE) proposals for the recurring effort, as delineated in CM 2YZA00017 Rev C. In the event LOCKHEED MARTIN and its Customer agree to

proceed with incorporation of the Concurrency Change, whether by Pre-Acceptance Concurrency Action or Post-Acceptance Concurrency Action, LOCKHEED MARTIN will notify SELLER and SELLER will incorporate the Concurrency Change into LRIP 1 production. Cost and schedule impacts of the Concurrency Change will be negotiated between the Parties consistent with SELLER's NTE. In no event will a Concurrency Change action under this provision exceed the Truth in Negotiation Act (TINA) threshold. For any action that exceeds the TINA threshold, the Parties will proceed as delineated in the Changes clause of this Contract. Whether any change to the LRIP baseline is a Concurrency Change will be determined by LOCKHEED MARTIN.

(3) For purposes of Concurrency Changes hereunder, non-recurring costs are borne under the SDD contract pursuant to the term of that contract.

H-3 ALTERNATIVE DISPUTE RESOLUTION

Alternative Dispute Resolution is the preferred approach for settling Purchase Order disputes. Accordingly, the parties confirm their mutual commitment to consider the use of Alternative Dispute Resolution (ADR) processes to avoid/resolve disputes under this Purchase Order. Notwithstanding the foregoing, nothing herein shall be deemed to limit the rights and remedies of the parties under the "Disputes" provision in Section I of this Purchase Order.

H-4 5252.216-9501 IDENTIFICATION OF COSTS (MAR 1999) (NAVAIR)

The Seller shall identify all costs incurred under this Purchase Order from the costs of all other work currently being performed and from all contracts that are subsequently received.

H-5 DATA DELIVERY
