H-27 PARTNERING WITH MILITARY SERVICE DEPOTS

This clause is in accordance with Article 8.2 of the F-35 Lightning II Depot Partnering Agreement.

1. FAR Non-Applicability. Pursuant to FAR 1.104, FAR Applicability, Partnering Agreements (PA) and Implementing Agreements (IA) between the Contractor and Military Service Depots (MSD) are not subject to the FAR or any agency supplements thereto, because the FAR applies to contracts where the Government acts in its capacity as a buyer. No FAR and/or agency supplement flow down clauses shall apply to any PA/IA issued or to any other contractual vehicle placed by the Contractor with an MSD providing a supply/service under this prime contract, except as may be expressly included by mutual consent of the Contractor and the MSD.

a. Non-Applicability of Advanced Payments. Payments made by the Contractor to the MSD, as required by the terms of the PA/IA, shall be considered to be incurred costs under the terms of this contract.
2. **TINA Non-Applicability.** The Truth in Negotiations Act, 10 USC Section 2306a, as amended, (hereinafter referred to as TINA) and its implementing regulations/clauses, do not apply to any MSD performing under this contract. Accordingly, the Government agrees:

a. The portion of the Contractor's contract price that consists of costs relating to work performed by an MSD need not be supported by the submission of certified cost or pricing data and,

b. The absence of such certified data shall not form the basis, directly or indirectly, for a claim by the Government of defective pricing against the Contractor.

3. **Release of Responsibility.** The Government agrees not to hold the Contractor responsible, directly or indirectly, for the delay, non-performance, or other non-compliance of work required under this contract to the extent such delay, non-performance, or non-compliance is solely attributable, in accordance with the terms of the PA and IA, to the action or inaction of an MSD performing an IA related to the Contractor’s performance obligations under this contract.

a. **Equitable Adjustment.** Subject to the provisions of FAR 52.249-14, Excusable Delays, such delay, non-performance, or other non-compliance attributable to the MSD in performing such PA/IA, may be considered to be an excusable delay for the Contractor or non-compliance for which an equitable adjustment in the performance period and/or cost/price of this contract may be provided by the Government to the Contractor. Further, such delay, non-performance, or non-compliance determined to be solely attributable to the MSD under FAR 52.249-14, Excusable Delays shall not be used by the Government, in whole or in part, as the basis for termination for default or withholding of payments under this contract. Any disagreement with the Contracting Officer’s final decision regarding an equitable adjustment is subject to the Disputes clause.

b. **Continued “Good Faith/Duty to Mitigate.”** This provision does not excuse the Contractor from its requirement to continuously exercise good faith to effectively manage the MSD, if necessary, to perform the affected services itself or find a commercial sub-contractor to perform the services, and to fulfill its responsibilities under this contract and applicable PA/IA. Such efforts include reasonable corrective actions to mitigate the effects of the MSD’s non-compliance under this contract’s schedule and/or prices.

incurred for authorized travel as required by FAR Subpart 4.7, Contractor Records Retention,
and FAR 52.215-2, Audit and Records – Negotiation (OCT 2010). In no event will such
payments exceed the rates of common carriers.

Use of rental/lease costs of vehicles and/or trucks that are of a type normally used by the
contractor in the conduct of its business are not subject to reimbursement.

charges, as authorized in the basic contract or upon approval by the COR, when the services
are required to be performed beyond the normal commuting distance from the contractor’s
facilities. Car rental for a team on TDY at one site will be allowed for a minimum of four (4)
persons per car, provided that such number or greater comprise the TDY team.

reside in the metropolitan areas in which the tasks are being performed. Per Diem shall not be
paid on services performed within a fifty-mile radius of the contractor’s home office or the
contractor’s local office. Per Diem is authorized for contractor personnel beyond a fifty-mile
radius of the contractor’s home or local offices whenever a task assigned requires work to be
done at a temporary alternate worksite. Per Diem shall be paid to the contractor only to the
extent that overnight stay is necessary and authorized under this contract. The authorized per
diem rate shall be the same as the prevailing per diem in the worksite locality. These rates will
be based on rates contained in the FTR, JTR or SR. The applicable rate is authorized at a flat
seventy-five (75%) percent on the day of departure from contractor’s home or local office, and
on the day of return. Reimbursement to the contractor for per diem shall be limited to actual
payments to per diem defined herein. The contractor shall provide actual payments of per diem
defined herein. The contractor shall provide supporting documentation for per diem expenses
as evidence of actual payment.

(g) Shipboard Stays. Whenever work assignments require temporary duty aboard a
Government ship, the contractor will be reimbursed at the per diem rates identified in paragraph

services which is peculiar to the ordered data and which is not suitable for use in the course of
the contractor’s normal business. It shall be furnished pursuant to specific authorization
approved by the COR. The contractor will be required to support all material costs claimed by
its costs less any applicable discounts. “Special materials” include, but are not limited to,
graphic reproduction expenses, or technical illustrative or design requirements needing special
processing.
