### **Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of Lockheed Martin Specialty Components Inc. Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

### ***Basis for Disclaimer of Opinion***

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the State Street Bank and Trust Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2016 and 2015 and for the year ended December 31, 2016, that the information provided to the plan administrator by the trustee is complete and accurate.

## ***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

## ***Other Matter***

The supplemental schedules of assets (held at end of year) as of December 31, 2016, and reportable transactions for the year then ended, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

## **Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements**

**1. Description of the Plan**

The following description of the Lockheed Martin Specialty Components Inc. Pension Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a contributory, defined benefit plan covering retirees and other vested participants formerly employed by Lockheed Martin Specialty Components, Inc. (Specialty Components), and has been amended from time to time. The assets of the Plan are held and invested under an agreement between Lockheed Martin Corporation (the Corporation) and State Street Bank and Trust Company (the Trustee). The Corporation is the Plan Sponsor and the Plan Administrator.

Effective September 30, 1997, the Specialty Components facility was closed. All employees were either transferred to other facilities of the Corporation or were terminated by December 31, 1997. In connection with those activities, all affected participants became fully vested in the Plan. The Corporation maintained the Plan as a wasting trust. For employees transferred to other facilities, the related assets were transferred to the affiliated plans.

Effective February 26, 2015, the Board of Directors of the Corporation approved the complete termination of the Plan and the Plan was amended to terminate effective June 1, 2015. On September 30, 2015, the Corporation filed an Application for Determination for Terminating Plan (Form 5310) with the Internal Revenue Service (IRS). On November 12, 2015, the Corporation filed a Standard Termination Notice (Form 500) with the Pension Benefit Guaranty Corporation (PBGC). The IRS approval to distribute assets and purchase annuities was dated December 14, 2016. Subsequently, benefit distribution elections from Plan participants not in pay status were solicited and lump sum distributions began in December 2016. Assets were transferred on January 24, 2017 from the Corporation to Mass Mutual Life Insurance Company to purchase annuities.

**Funding Policy**

Funding for the Plan is determined in accordance with the Employee Retirement Income Security Act of 1974 (ERISA), as amended by the Pension Protection Act of 2006 (PPA) and consistent with U.S. Government Cost Accounting Standards (CAS). Contributions by the Corporation, if any, meet the ERISA minimum funding requirements. The Corporation has the right under the Plan to discontinue such contributions at any time and/or terminate the Plan. In the event of termination, the Plan's net assets are to be used first for the payment of benefits attributable to active and non-active participant contributions, next for payment of retirement benefits that former employees or their beneficiaries have been receiving, and finally for the payment of other vested benefits. If the net assets are not sufficient to pay all benefits, the net assets shall be paid to the most senior categories until a category cannot be paid in full, and remaining net assets shall be allocated pro rata to all the benefits in that category and not those of lower priority. However, in the event of termination of the Plan, the PBGC guarantees the payment of nonforfeitable retirement benefits subject to certain limitations prescribed by ERISA.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting. Certain amounts in the prior year have been reclassified to conform to the current year presentation.

**Lockheed Martin Specialty Components Inc. Pension Plan**  
**Notes to Financial Statements (continued)**

**Accumulated Plan Benefits**

Accumulated plan benefits are those estimated future periodic payments that are attributable under the Plan's provisions for credited service by participants from their date of eligibility to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired, terminated and disabled participants or their beneficiaries, and (b) present participants or their beneficiaries. Benefits for retired, terminated and disabled participants or their beneficiaries are based on each former participant's compensation during each year of credited service prior to his or her termination or retirement date. Accumulated plan benefits for active participants are based on each participant's compensation during each year of credited service preceding the valuation date. Benefits payable under all circumstances retirement, death, disability and termination of employment—are included to the extent they are deemed attributable to employee service prior to the valuation date.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, currency, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

**Investment Valuation and Income Recognition**

Investments in the Plan are reported at fair value. Fair value is the price that would have been received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses on investments bought and sold as well as held during the year are included in net appreciation (depreciation) in fair value of investments.

**Administrative Expenses**

Administrative expenses are generally paid by the Corporation, with the exception of the cost of certain administrative services, which are paid by the Plan.

**Subsequent Events**

**Lockheed Martin Specialty Components Inc. Pension Plan**  
**Notes to Financial Statements (continued)**

The Plan has evaluated subsequent events through October 10, 2017, the date the financial statements were available to be issued. Other than assets transferred from the Corporation to Mass Mutual Life Insurance Company to purchase annuities on January 24, 2017; no other material subsequent events have occurred since December 31, 2016 that required recognition or disclosure in these financial statements.

**3. Actuarial Present Value of Accumulated Plan Benefits**

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to the accumulated plan benefits earned by the participants to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits is as follows (in thousands):

	<b>December 31,</b>	
	<b>2016</b>	<b>2015</b>
Vested benefits:		
Participants currently receiving payments	\$ 107,050	\$ 93,661
Participants not currently receiving payments	4,972	25,321
Total vested benefits	112,022	118,982
Total actuarial present value of accumulated plan benefits	<u>\$ 112,022</u>	<u>\$ 118,982</u>

The significant actuarial assumptions used in the valuation for 2015 were (a) life expectancy of participants (RP-2014 Total Dataset Adjusted to 2006 with Scale MP-2015), (b) assumed retirement age probabilities based on the experience of the Plan resulting in an average retirement age of 60, and (c) an annual discount rate of 4.375%. The actuarial assumptions for 2016 are based on a liquidation basis; the Plan is currently following the process of a formal termination. The liquidation basis reflects the value of the final annuity purchase transaction and remaining annuity payments due prior to transition to Mass Mutual Life Insurance Company.

Changes in the actuarial present value of accumulated plan benefits are as follows (in thousands):

	<b>Year Ended December 31, 2016</b>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 118,982
Increase (decrease) during the year attributable to:	
Increase for interest due to the decrease in the discount period	4,998
Benefits paid	(19,649)
Benefits accumulated	(1,864)
Changes in actuarial assumptions	9,555
Net decrease	<u>(6,960)</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 112,022</u>

The benefits paid include lump sums distributions in December 2016 of \$10,899,000 as a result of the plan termination. The changes in actuarial assumptions reflect the decrease in the discount rate resulted in an increase to the actuarial present value of accumulated plan benefits of \$9,555,000.

The IRS approval to distribute assets and purchase annuities was received December 2016. As of December 31, 2016, the estimated contribution required to settle the unfunded liquidation obligation is \$1,520,000. The actual contribution that was required to settle the obligation was \$350,000 and this amount was paid in January 2017.

**Lockheed Martin Specialty Components Inc. Pension Plan**  
**Notes to Financial Statements (continued)**

**4. Investments**

All investment information disclosed in the accompanying financial statements as of December 31, 2016 and 2015, supplemental schedules including investments held as of December 31, 2016, and net appreciation in fair value of investments, interest income, and dividend income for the year ended December 31, 2016, was obtained or derived from information certified as complete and accurate by State Street Bank and Trust Company, the Trustee of the Plan.

**5. Fair Value Measurements**

The accounting standard for fair value measurements defines fair value, establishes a market-based framework or hierarchy for measuring fair value, and requires disclosures regarding fair value measurements. The standard is applicable whenever assets and liabilities are measured and included in the financial statements at fair value.

The fair value hierarchy established in the standard prioritizes the inputs used in valuation techniques into three levels as follows:

- Level 1 – Quoted prices in active markets for identical assets and liabilities;
- Level 2 – Observable inputs, other than Level 1 prices, such as quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in inactive markets, and amounts derived from valuation models where all significant inputs are observable in active markets; and
- Level 3 – Unobservable inputs where valuation models are supported by little or no market activity that one or more significant inputs are unobservable and require us to develop relevant assumptions.

The following table presents the fair value of Plan assets by asset category and their level within the fair value hierarchy as of December 31, 2016 (in thousands):

	Level 1	Level 2	Total
Cash equivalents.....	\$ 10,778	\$ —	\$ 10,778
Common collective trusts <sup>(a)</sup> .....	—	99,724	99,724
Total investments at fair value .....	\$ 10,778	\$ 99,724	\$ 110,502

The net appreciation for the year ended December 31, 2016 was \$756,000.

The following table presents the fair value of Plan assets by asset category and their level within the fair value hierarchy as of December 31, 2015 (in thousands):

	Level 1	Level 2	Total
Cash equivalents.....	\$ 12,839	\$ —	\$ 12,839
Common collective trusts <sup>(a)</sup> .....	—	115,358	115,358
Total investments at fair value .....	\$ 12,839	\$ 115,358	\$ 128,197

<sup>(a)</sup> Common collective trusts, have been measured at fair value using the net asset value (NAV) per share (or its equivalent) and not as a practical expedient which accordingly is classified in the fair value hierarchy.

The Plan recognizes transfers between levels of the fair value hierarchy as of the date of the change in circumstances that causes the transfer. At December 31, 2016 and 2015, there were no assets in the Plan categorized as Level 3. During 2016, the Plan had no assets transferred in or out of the Level 3 category.

**Valuation Techniques**

**Lockheed Martin Specialty Components Inc. Pension Plan**  
**Notes to Financial Statements (continued)**

Cash equivalents are comprised of a short-term money-market instrument that is valued at cost, which approximates fair value.

Common collective trusts are investment vehicles valued using the NAV provided by the fund managers. The NAV is the total value of the fund divided by the number of shares outstanding and is based on the fair value of underlying investments held by the CCTs. CCTs are traded at their NAV, determined daily or monthly depending on the CCT. CCTs are categorized as Level 2 because the NAVs, although readily determinable, are not published on an active exchange nor publicly available.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**6. Parties-in-Interest Transactions**

The Plan invests in the State Street Bank and Trust Company Short Term Investment Fund which is sponsored by State Street Bank and Trust Company, the Trustee, a party-in-interest. Transactions involving this investment are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transaction regulation exists.

**7. Income Tax Status**

The IRS has determined and informed the Corporation by letter dated January 9, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since issuance of the determination letter. However, the Plan Administrator and the Corporation's counsel believe that the current design and operations of the Plan are in compliance with the applicable provisions of the IRC and, therefore, believe the Plan, as amended, is qualified.

GAAP requires plan management to evaluate tax positions taken by the Plan to determine whether the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, but no tax audits are in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.
