  o Your full name, date of birth and “unknown, state” for place of birth.
• Click the highlighted link that says "Enter Your Data" and complete the form with the information you gathered.

NOT COMPLETING THE FOLLOWING TASKS WILL DELAY PROCESSING OF YOUR INVESTIGATION REQUEST

- Carefully follow the instructions provided on the following screens in the order displayed.
- If you are unable to complete the following steps at this time (e.g., if you do not have access to a printer at your computer), you MUST return to e-QIP at a later time to complete the remaining steps.

Step 2: Select "Display the Archival Copy of this Investigation Request for Printing". This will generate a PDF copy of your complete SF86 form to print and/or save for your own records. Your computer must have Adobe Acrobat in order to view these PDF files.

- LMSecurity is committed to protecting Lockheed Martin employees’ personal information. For additional options on transmitting personal information, please visit Security Clearance Connection.

Step 3 of 3  
Release Request to Agency

**IMPORTANT:** YOUR BACKGROUND INVESTIGATION CANNOT START UNTIL YOUR AGENCY RECEIVES ALL REQUIRED SIGNED SIGNATURE FORMS.

When you have completed the previous steps, you may release your Investigation Request for processing. Performing this step will electronically transmit your Investigation Request to the agency requesting your investigation, and you will no longer have online access to it for printing or review.

After you complete the previous step, click this button to release and transmit your Investigation Request to the requesting agency.

![Back Release Request/Transmit to Agency](image)

Figure 4.8

The final step is to click the "Release Request/Transmit to Agency" button (Figure 4.8)).

After you have successfully certified your form and released it to your agency, you cannot change your data or log back in the system until there is another need for you to access e-QIP. When this event occurs and you login to e-QIP, most of your data will re-populate in the new request eliminating the need to re-enter all of your data again. **(Note: The SF86 was updated on August 28, 2011. If your last submission was on or before August 28, 2011, you will need to pay close attention to the information, if any, that carried over from your previous submission to ensure accuracy.)**

### Security Clearance Form (SF86) Answers

Q: **What should I do if I don’t have any other names used?**

   A: If you are male or single female (never married), select the “Not Applicable” box. If you are a female who is married, divorced, annulled and/or widowed, provide a comment explaining that you have never used any other names.

Q: **What do I put in the passport section if I am having my US Passport renewed and the Government currently has it?**

   A: We always recommend that you keep copies of your information, but if you do not have the documentation available and have no way of obtaining it, we suggest that you provide an explanation within the Additional Comments box.

Q: **Can I be a dual citizen and obtain a clearance?**

   A: Yes, you can hold dual citizenship and a foreign passport. But any travel done with a Foreign passport needs to be reported.

Q: **Who should I put to verify residence history if I didn’t know anyone?**

   A: You only require a verifier for the last 3 years of residence history. You may use your leasing agent, hotel manager, close friend, or co-worker as long as they are not related to you (it does not have to be a neighbor). If you still do not have anyone that can verify your information, you may use a relative. **Please Note:** Relatives should only be used as a last resort. If you decide to use a relative as a verifier, you will need to provide an explanation as to why you were unable to provide a different verifier.

Q: **What should be listed for Lockheed Martin under employment type?**
A: Lockheed Martin should be listed under “Federal Contractor” for employment type.

Q: What information should I put for a previous employer that is no longer in business?
A: If your previous employer is no longer in business, provide the last known address and in the comment section state that the employer is no longer in business.

Q: If I put my current job on the SF86 will they contact them before I put in my two weeks notice?
A: Contacting a current or past employer will be a decision made by the adjudicator, but providing a comment (with a detailed explanation) requesting no contact be made will allow that adjudicator to decide if he/she needs to contact them.

Q: Why do I need to list Lockheed Martin as my current employer if I haven’t started with the company yet?
A: Lockheed Martin must be listed as your most current employer because the government requires the federal contractor that is sponsoring your security clearance request to be listed on your form as your current employer.

A: The following address and phone number must be used under the "Provide the address of employer" and "Employer phone number" fields: 100 Global Innovation Circle, MP 801 Orlando, FL 32825; Phone: 407-306-7311. In the "Physical Work Address" field enter your actual work location. If you are a new hire and unsure of your work location, please contact your recruiter.

Q: Why do I need to use 100 Global Innovation Circle, MP 801, Orlando, FL 32825 as my employer's address if I don’t work at that location?
A: The Office of Personnel Management (OPM) has changed their requirements regarding what address is needed as the address of employer. The address required is the address where the clearance and employment records required for your clearance process are located. This change will decrease the government investigation time, improving the overall cycle time of the process. The "Physical work address" field should be used if you are able to provide the address of where you are/will be physically located. If you are a new hire and unsure of your work location, please contact your recruiter.

Q: When should I use the Additional Periods of Activity option?
A: You should only use the Additional Periods of Activity option when you have worked for the same employer on separate occasions at the same location (for example, if you worked at Lockheed Martin in Orlando, FL during 3 separate periods of time (1/04-1/06, 1/07-1/08 and then 1/10-Present), you would enter the most recent period of employment as your main entry, and provide dates, position titles, and supervisors for the two previous periods of employment as additional periods of activity)

Q: Is part-time employment considered unemployment?
A: Part time employment is not considered unemployment. If you have part time employment, list that employer in an entry and select the “Part Time” employment box.

A: The government considers a reasonable commuting distance within the same state or adjoining states. If you telecommute or travel, provide an explanation in the comment section.

Q: Do I need to list time as unemployment if I wasn’t receiving unemployment benefits?
A: You should list any period of time that you were not employed as unemployment, including school, retirement, travel, etc.

A: If you were not working while in school, you should list that period of time as unemployment.

However, if you are unable to obtain this information, you are still required to provide an entry for your relative. You will need to explain in additional comments why you were unable to provide the required information.

A: You should first attempt to retrieve them via the Lockheed Martin internal EDSS website. If you are not a current LM employee or you verify they are not available via the EDSS website, you will...
need to contact LMSecurity toll free at 866-330-7311 or 407-306-7311 Monday – Friday 7:30 am to 6:30 pm EST and request we email you a copy of your forms.

Q: **How do I know if you have received my SF86, including Signature Pages?**
A: Your SF86 form is submitted online via the e-QIP site. LMSecurity will not have access to review your form or ability to confirm whether it was submitted until 24 hours after you have released your form to us. If you need confirmation before then, we would recommend that you attempt to log back in to the e-QIP site. If you still see the Golden Questions you created, your form has not been released and you will need to log in and release your form to us. If you see that your Golden Questions have changed to something other than the questions you created, this indicates that you have released your form.

A: Your signature pages are available in an electronic click-to-sign format and will automatically attach within step 4 of the e-QIP application. You will be prompted to click-to-sign each release form.

If you wish to opt out of the digital click-to-sign format, the following options are available to you for submitting your signature pages:
- Email a digital copy of the requested documents to: faxserver.lmsecurity@lmco.com
- Fax without a cover sheet to LMSecurity at (720) 479-2750
- Mail the requested documentation overnight to: Lockheed Martin Corporation Attn: LMSecurity 100 Global Innovation Circle, MP801 Orlando, FL 32825

Q: **Why do I have to submit new signature forms? What is wrong with the old ones?**
A: You may need to submit new signature forms due to one of the following reasons:
- If your application has been rejected back to you for corrections, the investigation number will change on the new form you will be submitting. The signature forms you previously submitted also contain an investigation number. Since the government requires that the investigation number on your application matches the investigation number on your signature forms, the forms you previously submitted would no longer be valid and you are required to submit the updated set.
- If you opted out of the click-to-sign format and manually signed the signature forms, they could have been deemed to be of poor print quality or invalid. You are required to submit a new set. Some of the most common examples of poor print quality are
  1. Black or white lines running through the form
  2. Blurry or illegible
  3. Missing signature or signature too light

Q: **Why am I receiving an email stating that my SF86 has not been received?**
A: There are several reasons as to why you are receiving an email stating your SF86 has not been received:
- It can take 24-48 hours for our system to update reflecting a completed status for the required SF86 form. Once that occurs, the emails will no longer be sent. Depending on when you submit your application, another email can be sent out before our database is updated.
- A common mistake when completing the form on e-QIP is not going to the final step and selecting the “Release Request/Transmit to Agency” button. You will simply need to log back in and go to the final step making sure that you select the “Release Request/Transmit to Agency” button.

Q: **My SF86 was sent back for corrections on certain sections but when I validated the form it gave me a lot of errors. Why do I have to complete all of the sections again?**
A: The e-QIP system requires that you provide your most up-to-date information. Since the system does not recognize the last time that you submitted your SF86 form, it requires that you re-check
the Yes/No questions every time your form is sent back to you for corrections to confirm you are providing the most up-to-date information.

Answers to Miscellaneous Questions

Q: Where can I get a copy of a previous SF86 that I submitted?
A: LMSecurity Operations Center only stores previous security clearance applications for current employees who have submitted a previous form to our Security Operations Center starting in 2006 and have confirmed they want a copy of their SF86 form stored within our systems. If you submitted a previous Security Clearance Application to a different company or to LM prior to 2006 we will not have your information stored.
A: If you are a current LM employee and submitted a clearance application to LMSecurity Operations Center after 2006, you may be able to obtain a copy via the EDSS website found on LMPeople. Use the following navigation:

Q: Why do I have to complete another SF86 when I just completed one for my Annual Clearance Review (ACR)?
A: Certain contracts require that you update your SF86 form on an annual basis in order to maintain JAFAN compliance. These forms are reviewed by your CPSO and are not submitted for government review.
A: Every 6 (Top Secret) or 10 (Secret) years you are required to update your SF86 form for reinvestigation by the government. During the year when your reinvestigation is due you will be required to update your form twice within the same year unless both the ACR requirement and the PR requirement are due at the same time.

Q: Do I need to complete an SF86 if I have completed one in the past two years?
A: Unless the SF86 form is required to maintain JAFAN compliance, you do not have to complete a new form if the previous SF86 was submitted to the government, an investigation was conducted, and adjudication was made for an equal or higher clearance level than the one you are currently submitting.
A: You will need to submit an updated SF86 if the one previously submitted was solely completed to satisfy a customer requirement and there was not an investigation conducted or the previous investigation was adjudicated for a lower level clearance.
A: If you are unsure of any of the above, you will need to contact the agency that sponsored your previous submission to obtain the background investigation date, granting agency, and level of clearance granted.

Q: Can LMSecurity grant extensions for completing the SF86?
A: Extensions can be granted on a case-by-case basis. However, if the system timelines have already been started, a new request may be needed from your local Facility Security Officer (FSO).

Q: I have submitted an SF86 form in the past but now the questions are different. Why did the questions change?
A: As of August 2011, the government released a new SF86 form. Anyone who is required to submit an SF86 form will be completing the newly updated SF86 form.
