

ETHICS SUPPLIER MENTORING PROGRAM

WHAT IS AN ETHICS PROGRAM?

Ethics programs aim to prevent and detect criminal conduct, reinforcing compliance with legal requirements. They also foster an organizational culture in which employees feel empowered to ‘do the right thing,’ even when laws and regulations don’t provide clear guidance.

WHY DO YOU NEED AN ETHICS PROGRAM?

- ✓ Comply with regulations, such as FAR Clause 52.203-13
- ✓ Meet expectations outlined in LM purchase orders and Supplier Code of Conduct
- ✓ Develop a ‘speak-up’ culture so you can identify, address issues before they impact business
- ✓ Protect your reputation as an ethical supplier, customer, employer, community member
