

LOCKHEED MARTIN

SMALL BUSINESS COVID-19 RESOURCES

June 29, 2020

## Ways We Are Rising Up Together- Stronger

### Have You Discovered a COVID-19 Best Practice?

As a small business supplier, have you discovered best practices during COVID-19 that you want to share? We are hoping to pull together a panel of small business suppliers for a future Rise Up webinar. [Contact us](#) if you are interested in participating.

Together, we can create a community and leverage best practices.

## Resource Spotlight

### New SBA Webinar – Register Today

Join Lockheed Martin featuring an exclusive webinar with the Small Business Administration's Steve Bulger, Regional Administrator, to learn more about the Paycheck Protection Program and Main Street Program.

Tuesday, June 30, 2020 at 10 am EDT (Duration: 1 Hour)

[Register Here](#)

### Defense Production Act (DPA)

Undersecretary of Defense for Acquisition and Sustainment, Ellen Lord, provided a department update on June 22 regarding acquisition efforts to combat COVID-19. The [transcript](#) reflects the joint memorandum of agreement with the U.S. International Development Finance Corporation regarding formalizing the relationship between the two organizations to utilize \$100 million of the department's CARES Act spend plan to provide a subsidy for multiple federal loans to create, maintain, protect, expand, or restore domestic industrial base capabilities to support national COVID-19 response. You can learn more about the program [here](#).

## More Ways to Rise Up

### Preparing for Cybersecurity Maturity Model Certification (CMMC)

#### Upcoming Lockheed Martin Supply Chain Cybersecurity Academy Event

July 30, 2020 at 1 pm EDT (Duration: 3 Hours)

[Register Here](#)

As mentioned on both Rise Up webinars with the Navy and Army, the implementation of CMMC is a focus area. The Lockheed Martin Supply Chain Cybersecurity Academy is a forum offering small businesses the opportunity to learn about the importance of cybersecurity in today's cyber-vulnerable environment.

Training topics within cybersecurity will include legislation and policy, Defense Federal Acquisition Regulation Supplement (DFARS), CMMC, National Institute of Standards and Technology (NIST), safeguarding covered defense information, cyber incident reporting, best practices and other key areas.
