Ways We Are Rising Up Together – Stronger

Valued by Our Customer

In a [recent Twitter post](#), Secretary of Defense, Dr. Mark T. Esper, spoke of his appreciation for the small businesses that support the Defense Industrial Base for helping “*preserve readiness, support the warfighter, and modernize the force.*” Esper also noted that the Department of Defense is committed to investing in American small businesses.

Together, we fulfill our customer’s missions.

Resource Spotlight

NASA Webinar

As part of the Lockheed Martin Rise Up webinar series, an exclusive interview was conducted on July 27 with Glenn A. Delgado, associate administrator of the National Aeronautics and Space Administration’s (NASA) Office of Small Business Programs.

You can learn about NASA’s small business program and current and upcoming procurement opportunities in support of agency missions.

You should also consider downloading the NASA app for small business.

App Name: NASA OSBP Mobile

Description: Are you a small business looking to make a big difference? Whether you own an engineering company, develop new telemetry software algorithms, or provide information technology services, the NASA Office of Small Business Programs (OSBP) can help make a difference at the Agency, by providing the necessary tools right at your fingertips. The app is designed to:

- Provide active contract listings and requests for proposals
- Network with Small Business Specialists at each NASA Center
- Explore the latest Agency prime metrics data
- Inform you of the latest small business news and events

More Ways to Rise Up

As this communication series hits the 5-month mark, we are moving to a monthly frequency and shifting our focus from COVID-19 to extending best practices that can help you maximize the virtual work environment, promote safety, and safeguard data. Next month, we will be asking you to participate in a brief survey to help guide future focus areas to ensure we address what matters most to you during this time.

The latest information is available on the Lockheed Martin [COVID-19 Supplier webpage](#).
