Military Support Programs BLOCK III Supplemental Terms and Conditions
Applicable to the CorpDoc(s) released in 2014 to present:
Unclassified Cost Reimbursement Type Contracts Incorporating CorpDoc 4 or CorpDoc 4SER
Unclassified Time and Material or Labor Hour Contracts Incorporating CorpDoc 4T&M
Unclassified Fixed Price Contracts Incorporating CorpDoc 3, CorpDoc 3SER, CorpDoc 2, or CorpDoc 2SER

A. GOVERNMENT SUBCONTRACT

This Contract is entered into by the parties in support of a U.S. Government Contract. As used in the clauses referenced below and otherwise in this Contract:

1. "Commercial Item" means a commercial item as defined in FAR 2.101.
2. "Contract" means this contract.
3. "Contracting Officer" shall mean the U.S. Government Contracting Officer for LOCKHEED MARTIN's government prime contract under which this Contract is entered.
4. "Contractor" and "Offeror" mean the SELLER acting as the immediate (first-tier) subcontractor to LOCKHEED MARTIN.
5. "Prime Contract" means the contract between LOCKHEED MARTIN and the U.S. Government or between LOCKHEED MARTIN and its higher-tier contractor who has a contract with the U.S. Government.
6. "Subcontract" means any contract placed by the Contractor or lower-tier subcontractors under this Contract.
7. LOCKHEED MARTIN shall be solely responsible for all liaison, coordination, and communication with the LOCKHEED MARTIN customer, including the U.S. Government, as it affects the applicable prime contract, this Contract, and any related contract or subcontract, except for normal business matters normally conducted with the U.S. Government (for example: DCAA audits and reviews, patent reports and direct requests from the U.S. Government pertaining to the Subcontract Reporting, Monitoring and Consent clause, etc.).
8. Notwithstanding any clause to the contrary, access to audit Contractor's financial books and records shall be limited to the U.S. Government.
9. The terms "Government" and "Contracting Officer" do not change when a right, act, authorization or obligation can be granted or performed only by the Government or the Government Contracting Officer or his duly authorized representative.

B. NOTES

1. Substitute "LOCKHEED MARTIN" for "Government" or "United States" throughout this clause.
2. Substitute "LOCKHEED MARTIN Procurement Representative" for "Contracting Officer", "Administrative Contracting Officer", and "ACO" throughout this clause.
3. Insert "and LOCKHEED MARTIN" after "Government" throughout this clause.
4. Insert "or LOCKHEED MARTIN" after "Government" throughout this clause.
5. Reserved.
6. Insert "and LOCKHEED MARTIN" after "Contracting Officer" throughout the clause.
7. Insert "or LOCKHEED MARTIN Procurement Representative" after "Contracting Officer" throughout the clause.

G52.209-002

Disclosure of Ownership or Control by a Foreign Government (SEP 2013)

(a) Definitions. As used in this clause:

(1) *Effectively owned or controlled* means that a foreign government or any entity controlled by a foreign government has the power, either directly or indirectly, whether exercised or exercisable, to control the election, appointment, or tenure of the offeror's officers or a majority of the offeror's board of directors by any means, e.g., ownership, contract, or operation of law (or equivalent power for unincorporated organizations).

(2) *Entity controlled by a foreign government* means any domestic or foreign organization or corporation that is effectively owned or controlled by a foreign government, or any individual acting on behalf of a foreign government. It does not include an organization or corporation that is owned, but is not controlled, either directly or indirectly, by a foreign government if the ownership of that organization or corporation by that foreign government was effective before 23 October 1992.

(3) *Foreign government* includes the state and the government of any country (other than the United States and its outlying areas) as well as any political subdivision, agency, or instrumentality thereof.

(4) *Proscribed information* means:

- Top Secret information;
- Communications Security (COMSEC) material, excluding controlled cryptographic items when unkeyed or utilized with unclassified keys;
- Restricted Data as defined in the U.S. Atomic Energy Act of 1954, as amended;
- Special Access Program (SAP) information; or
- Sensitive Compartmented Information (SCI).

(b) **Prohibition on Award.** No contract under a national security program may be awarded to an entity controlled by a foreign government if that entity requires access to proscribed information to perform the contract, unless a Lockheed Martin Procurement Representative/Contracting Officer or a designee has waived application of 10 U.S.C. §2536(a).

(c) **Disclosure.** The offeror shall disclose any interest a foreign government has in the offeror when that interest constitutes control by a foreign government as defined in this provision. If the offeror is a subsidiary, it shall also disclose any reportable interest a foreign government has in any entity that owns or controls the subsidiary, including reportable interest concerning the offeror's immediate parent, intermediate parents, and the ultimate parent. The offeror shall submit a notification to the Lockheed Martin Procurement Representative with their proposal. This notification must include the following information:

- (1) Offeror's point of contact for questions about disclosure (name and phone number with country code, city code, and area code, as applicable);

(2) Name and address of offeror;
 (3) Name and address of entity controlled by a foreign government; and
 (4) Description of interest, ownership percentage, and identification of foreign government.
 (d) If during contract performance the foreign government ownership or control status of the contractor changes, the contractor shall submit an updated notification to the Lockheed Martin Procurement Representative/Contracting Officer within one week of the change.
 (e) Flow-down. The offeror agrees to include the requirements of this clause in all subcontract solicitations that involve potential access to proscribed information under this solicitation and any resulting contract.

G52.209-003

Organizational Conflict of Interest (SEP 2009)

(a) The CONTRACTOR warrants that, to the best of its knowledge and belief, there are no relevant facts that could give rise to Organizational Conflicts of Interest, as defined in FAR 9.501. Or, alternatively, the CONTRACTOR warrants that it has disclosed all relevant information regarding any actual or potential organizational conflict of interest.

(b) The CONTRACTOR agrees that if an Organizational Conflict of Interest with respect to this Contract is discovered during its performance, an immediate and full disclosure in writing shall be made to the LOCKHEED MARTIN Procurement Representative. Such notification shall include a description of the action which the CONTRACTOR has taken or proposes to take to avoid, neutralize or mitigate such conflicts. The CONTRACTOR shall continue performance until notified by the LOCKHEED MARTIN Procurement Representative of any contrary actions to be taken. LOCKHEED MARTIN may, however, terminate the Contract for its convenience if it deems such termination to be in the best interest of the Government.

(c) If the CONTRACTOR was aware of an organizational conflict of interest before award of this Contract and did not fully disclose the conflict to the LOCKHEED MARTIN Procurement Representative, LOCKHEED MARTIN may terminate the Contract for default.

(d) The CONTRACTOR shall insert a clause containing all the terms and conditions of this clause in all subcontracts for work to be performed similar to the services provided by the CONTRACTOR, and the terms “contract,” “contractor,” and “LOCKHEED MARTIN Procurement Representative” modified appropriately to preserve the Government’s rights.

(e) Before a contract modification is made that adds new work or significantly increases the period of performance, the CONTRACTOR shall agree to submit either an organizational conflict of interest disclosure or representation or an update of a previously submitted disclosure or representation, if requested by LOCKHEED MARTIN.

(f) CONTRACTOR further agrees that the Government may periodically review CONTRACTOR’s compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate.

G52.209-006	Enabling Clause for Prime and Support Contractor Relationships (OCT 2011) (The Third Party Proprietary Information Agreement incorporated as an Exhibit to this Contract includes the names of the support contractors.)
--------------------	---

- (a) The Government currently has, or may enter into, contracts with one or more of the following companies, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort. These companies (hereafter referred to as support contractors), are obligated by the terms of clause G52.209-008, Support Contractor Corporate Non-Disclosure Agreement, incorporated into their respective contracts, and/or by separate non-disclosure, confidentiality, proprietary information, or similar agreements to safeguard the sensitive and proprietary information of other contractors, subcontractors, suppliers, and vendors to which they have access.
See Third Party Proprietary Information Agreement in this Contract
- (b) In the performance of this contract, the contractor agrees to cooperate with the companies listed above. Cooperation includes, but is not limited to, allowing the listed support contractors to attend meetings; observe technical activities; discuss with the contractor technical matters related to this program at meetings or otherwise; and access contractor integrated data environments and facilities used in the performance of the contract.
- (c) The contractor must provide the support contractors access to data such as, but not limited to, design and development analyses; test data, procedures, and results; research, development, and planning data; parts, equipment, and process specifications; testing and test equipment specifications; quality control procedures; manufacturing and assembly procedures; schedule and milestone data; and other contract data. To fulfill contractual requirements to the Government, support contractors engaged in general systems engineering and integration efforts and technical support are normally authorized access to information pertaining to this contract. Exceptions, such as when the contractor seeks to restrict access to contractor trade secrets, will be handled on a case-by-case basis. If the contractor seeks to limit distribution of data to Government personnel only, the contractor must submit this request in writing to the Contracting Officer.
- (d) The contractor further agrees to include in all subcontracts, except for those to provide only commercial and/or non-developmental items, a clause requiring the subcontractor and succeeding levels of subcontractors to comply with the response and access provisions of paragraph (b) above, subject to coordination with the contractor. This clause does not relieve the contractor of the responsibility to manage the subcontracts effectively and efficiently, nor is it intended to establish privity of contract between the Government or support contractors and such subcontractors.
- (e) The contractor and its subcontractors are not required to take contractual direction from support contractors.
- (f) Clauses G52.227-005, Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends, and G52.209-008, which will be incorporated into all Government support contracts for this prime contract, require the support contractors to protect data and software related to this contract, and prohibit them from using such data for any purpose other than performance of the support contract.
- (g) Support contractors shall protect the proprietary information of disclosing contractors, subcontractors, suppliers, and vendors in accordance with clause G52.209-008. Because this clause provides that such disclosing contractors, subcontractors, suppliers, and vendors are intended to be third-party beneficiaries, all such disclosing parties agree that these terms satisfy the non-disclosure agreement requirements set forth in 10

G52.215-003

Intention to Use Consultants (JAN 2005)

- (a) The Government intends to utilize the services of non-Government consultants in technical, advisory, and consulting roles for overall technical review of the activities covered by this contract. Although the consultants shall not have the right of technical direction, they will attend technical reviews, participate in technical interchange meetings, observe processing and production efforts, witness fabrication and assembly, and monitor testing within contractor and subcontractor facilities. Such consultants will provide advice to the Government concerning viability of technical approaches, utilization of acceptable procedures, value and results of tests, and the like. The consultants will therefore require access to program-related contractor and subcontractor facilities and documentation. Contractor proprietary data shall not be made available to consultants unless and until a protection agreement has been generated between the consultant and the contractor, and evidence of such agreement has been made available to the Contracting Officer.
- (b) It is expressly understood that the operations of this clause will not be the basis for an equitable adjustment.

- customers in the expectation of receiving contract awards. The estimating system includes the contractor's organizational structure; established lines of authority, duties, and responsibilities; internal controls and managerial reviews; workflow, coordination, and communication; and estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.
- (b) General.
 - (1) The contractor shall establish, maintain, and comply with an estimating system that is consistently applied and produces reliable, verifiable, supportable, and documented cost estimates that are an acceptable basis for negotiation of fair and reasonable prices.
 - (2) The system should be consistent and integrated with the contractor's related management systems, and subject to applicable financial control systems.
 - (c) Applicability. Paragraphs (d) and (e) of this clause apply if the contractor is a large business or received, in its fiscal year preceding award of this contract, Government prime contracts or subcontracts totaling \$50 million or more for which certified cost or pricing data were required.
 - (d) System Requirements.
 - (1) The contractor shall disclose its estimating system to the Government in writing. If the contractor wants the Government to protect this information as privileged or confidential, the contractor must mark the documents with the appropriate legends before submission.
 - (2) An estimating system disclosure is adequate when the contractor documentation accurately describes those policies, procedures, and practices that the contractor currently uses to prepare cost proposals, and provides sufficient detail for the Government to reasonably make an informed judgment regarding the adequacy of the contractor's estimating practices.
 - (3) The contractor shall comply with its disclosed estimating system, and disclose significant changes to the cost estimating system to the Government on a timely basis.
 - (e) Estimating System Deficiencies.
 - (1) The contractor shall respond to a written report from the Government which identifies deficiencies in the contractor's estimating system as follows:
 - (i) If the contractor agrees with the report findings and recommendations, the contractor shall, within 30 days, state its agreement in writing, and, within 60 days, correct the deficiencies or submit a corrective action plan proposing milestones and actions leading to elimination of the deficiencies.
 - (ii) If the contractor disagrees with the report, the contractor shall, within 30 days, state its rationale for disagreeing.
 - (2) The Government will evaluate the contractor's response and notify the contractor of the determination concerning remaining deficiencies and/or the adequacy of any proposed or completed corrective action.

G52.216-012 Contract Payment Withholding—Fixed Fee (OCT 2003) (Applies only if this Contract has a fixed fee. Note 1 applies.)

G52.219-001	Utilization of Small Business Concerns (DEC 2011) (Applies to Contracts exceeding \$150,000.)

- (a) It is the policy of the United States that small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns shall have the maximum practicable opportunity to participate in performing contracts let by any Federal Agency, including contracts and subcontracts for subsystems, assemblies, components and related services for major systems. It is further the policy of the United States that its prime contractors establish procedures to ensure the timely payment of amounts due pursuant to the terms of their subcontracts with small business concerns, veteran-owned small business concerns, service-disabled veteran-owned small business concerns, HUBZone small business concerns, small disadvantaged business concerns, and women-owned small business concerns.
- (b) The contractor hereby agrees to carry out this policy in the awarding of subcontracts to the fullest extent consistent with efficient contract performance. The contractor further agrees to cooperate in any studies or surveys as may be conducted by the Contracting Officer or his representative as may be necessary to determine the extent of the contractor's compliance with this clause.
- (c) Definitions. As used in this contract—
 - HubZone Small Business Concern* means a small business concern that appears on the List of Qualified HUBZone Small Business Concerns maintained by the Small Business Administration.
 - Service-disabled Veteran-owned Small Business Concern--*
 - (1) Means a small business concern—
 - (i) Not less than 51 percent of which is owned by one or more service-disabled veterans or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more service-disabled veterans; and
 - (ii) The management and daily business operations of which are controlled by one or more service-disabled veterans or, in the case of a veteran with permanent and severe disability, the spouse or permanent caregiver of such veteran.
 - (2) *Service-disabled Veteran* means a veteran, as defined in 38 U.S.C.101 (2), with a disability that is service-connected, as defined in 38 U.S.C.101 (16).
 - Small Business Concern* means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto.
 - Small Disadvantaged Business Concern* means a small business concern that represents, as part of its offer that—
 - (1) (i) It has received certification as a small disadvantaged business concern consistent with 13 CFR part 124, subpart B;
 - (ii) No material change in disadvantaged ownership and control has occurred since its certification;
 - (iii) Where the concern is owned by one or more individuals, the net worth of each individual upon whom the certification is based does not exceed \$750,000 after taking into account the applicable exclusions set forth at 13 CFR 124.104(c)(2); and
 - (iv) It is identified, on the date of its representation, as a certified small disadvantaged business in the Central Contractor Registration (CCR) Dynamic Small Business Search database maintained by the Small Business Administration, or
 - (2) It represents in writing that it qualifies as a small disadvantaged business (SDB)

for any Federal subcontracting program, and believes in good faith that it is owned and controlled by one or more socially and economically disadvantaged individuals and meet the SDB eligibility criteria of 13 CFR 124.1002.

Veteran-owned Small Business Concern means a small business concern—

- (1) Not less than 51 percent of which is owned by one or more veterans (as defined at 38 U.S.C.101 (2)) or, in the case of any publicly owned business, not less than 51 percent of the stock of which is owned by one or more veterans; and
- (2) The management and daily business operations of which are controlled by one or more veterans.

Women-owned Small Business Concern means a small business concern—

- (1) That is at least 51 percent owned by one or more women, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and
 - (2) Whose management and daily business operations are controlled by one or more women.
- (d) (1) Contractors acting in good faith may rely on written representations by their subcontractors regarding their status as a small business concern, a veteran-owned small business concern, a service-disabled veteran-owned small business concern, a HUBZone small business concern, a small disadvantaged business concern, or a women-owned small business concern.
- (2) The contractor shall confirm that a subcontractor representing itself as a HUBZone small business concern is certified by SBA as a HUBZone small business concern by accessing the CCR database at <http://www.sba.gov/hubzone>.

G52.219-002

Small Business Subcontracting Plan (DEC 2011) (Applies if this Contract exceeds \$650,000 and Contractor is not a small business. Note 2 applies. The Contractor’s subcontracting plan is incorporated herein by reference.)

- (a) This clause does not apply to small business concerns.
- (b) Definitions. As used in this clause—

Alaska Native Corporation (ANC) means any Regional Corporation, Village Corporation, Urban Corporation, or Group Corporation organized under the laws of the State of Alaska in accordance with the Alaska Native Claims Settlement Act, as amended (43 U.S.C. 1601, *et seq.*) and which is considered a minority and economically disadvantaged concern under the criteria at 43 U.S.C. 1626(e)(1). This definition also includes ANC direct and indirect subsidiary corporations, joint ventures, and partnerships that meet the requirements of 43 U.S.C. 1626(e)(2).

Commercial Item means a product or service that satisfies the definition of commercial item in section 2.101 of the Federal Acquisition Regulation.

Commercial Plan means a subcontracting plan (including goals) that covers the offeror’s fiscal year and that applies to the entire production of commercial items sold by either the entire company or a portion thereof (e.g., division, plant, or product line).

Indian Tribe means any Indian tribe, band, group, pueblo, or community, including native villages and native groups (including corporations organized by Kenai, Juneau, Sitka, and Kodiak) as defined in the Alaska Native Claims Settlement Act (43 U.S.C.A. 1601 *et seq.*), that is recognized by the Federal Government as eligible for services from the Bureau of Indian Affairs in accordance with 25 U.S.C. 1452(c). This definition also includes Indian-owned economic enterprises that meet the requirements of 25 U.S.C. 1452(e).

Individual Contract Plan means a subcontracting plan that covers the entire contract period (including option periods), applies to a specific contract, and has goals that are based on the offeror’s planned subcontracting in support of the specific contract, except

that indirect costs incurred for common or joint purposes may be allocated on a prorated basis to the contract.

Master Plan means a subcontracting plan that contains all the required elements of an individual contract plan, except goals, and may be incorporated into individual contract plans, provided the master plan has been approved.

Subcontract means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime contractor or subcontractor calling for supplies or services required for performance of the contract or subcontract.

- (c) The offeror, upon request by the Contracting Officer, shall submit and negotiate a subcontracting plan, where applicable, that separately addresses subcontracting with small business, service-disabled veteran-owned small business, HUBZone small business concerns, small disadvantaged business, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns, with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate the subcontracting plan shall make the offeror ineligible for award of a contract.
- (d) The offeror's subcontracting plan shall include the following:
 - (1) Goals, expressed in terms of percentages of total planned subcontracting dollars, for the use of small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs. In accordance with 43 U.S.C. 1626:
 - (i) Subcontracts awarded to an ANC or Indian tribe shall be counted towards the subcontracting goals for small business and small disadvantaged business (SDB) concerns, regardless of the size or Small Business Administration certification status of the ANC or Indian tribe.
 - (ii) Where one or more subcontractors are in the subcontract tier between the prime contractor and the ANC or Indian tribe, the ANC or Indian tribe shall designate the appropriate contractor(s) to count the subcontract towards its small business and small disadvantaged business subcontracting goals.
 - (A) In most cases, the appropriate contractor is the contractor that awarded the subcontract to the ANC or Indian tribe.
 - (B) If the ANC or Indian tribe designates more than one contractor to count the subcontract toward its goals, the ANC or Indian tribe shall designate only a portion of the total subcontract award to each contractor. The sum of the amounts designated to various contractors cannot exceed the total value of the subcontract.
 - (C) The ANC or Indian tribe shall give a copy of the written designation to the Contracting Officer, the prime contractor, and the subcontractors in between the prime contractor and the ANC or Indian tribe within 30 days of the date of the subcontract award.
 - (D) If the Contracting Officer does not receive a copy of the ANC's or the Indian tribe's written designation within 30 days of the subcontract

| (a) | <i>Hazardous material</i> , as used in this clause, is defined in the <i>Hazardous Material Identification and Material Safety Data</i> clause of this contract. |
| (b) | The contractor shall label the item package (unit container) of any hazardous material to be delivered under this contract in accordance with the Hazard Communication Standard (29 CFR 1910.1200 et seq.). The Standard requires that the hazard warning label conform to the requirements of the standard unless the material is otherwise subject to the labeling requirements of one of the following statutes: |
| | (1) Federal Insecticide, Fungicide and Rodenticide Act; |
| | (2) Federal Food, Drug and Cosmetics Act; |
| | (3) Consumer Product Safety Act; |
| | (4) Federal Hazardous Substances Act; or |
| | (5) Federal Alcohol Administration Act. |
| (c) | The offeror shall list which hazardous material listed in the <i>Hazardous Material Identification and Material Safety Data</i> clause of this contract will be labeled in accordance with one of the Acts in paragraphs (b)(1) through (5) of this clause instead of the Hazard Communication Standard. Any hazardous material not listed will be interpreted to mean that a label is required in accordance with the Hazard Communication Standard. |

	(1) Nothing in this clause, nor any Government action or failure to act in surveillance of this contract, shall relieve the contractor of its responsibility for the safety of:
	(i) The contractor's personnel and property;
	(ii) The Government's personnel and property; or
	(iii) The general public.
	(2) Nothing in this clause shall relieve the contractor of its responsibility for complying with applicable Federal, State, and local laws, ordinances, codes, and regulations (including those requiring the obtaining of licenses and permits) in connection with the performance of this contract.
	(f) Contractor Responsibility for Contract Performance.
	(1) Neither the number or frequency of inspections performed by the Government, nor the degree of surveillance exercised by the Government, relieve the contractor of its responsibility for contract performance.

G52.227-001	Technical Data and Computer Software: Commercial Items (FEB 2011) (Rights shall flow to the Government. Lockheed Martin is granted a limited license to use data and software for this program.)		
	(a) Definitions. As used in this clause:		
	(1) <i>Business data</i> means recorded information, regardless of the form or method of the recording, including specific business data contained in a computer database, of a financial, administrative, cost or pricing, or management nature, or other information incidental to contract administration or protected from disclosure under the Freedom of Information Act, 5 U.S.C. §552(b)(4).		
	(2) <i>Commercial item</i> means:		
	(i) Any item, other than real property, that customarily is used by the general public or by non-governmental entities for purposes other than governmental purposes, and—		
	(A) Has been sold, leased, or licensed to the general public; or		
	(B) Has been offered for sale, lease, or license to the general public;		
	(ii) Any item that evolved from an item described in paragraph (i) of this definition through advances in technology or performance, and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;		
	(iii) Any item that would satisfy a criterion expressed in paragraph (i) or (ii) of this definition, but for:		
	(A) Modifications of a type customarily available in the commercial marketplace; or		
	(B) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. “ <i>Minor modifications</i> ” means modifications that do not significantly alter the non-governmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;		
	(iv) Any combination of items meeting the requirements of paragraphs (i), (ii), (iii), or (v) of this definition that are of a type customarily combined and sold in combination to the general public;		
	(v) Installation services, maintenance services, repair services, training services, and other services if—		
	(A) Such services are procured for support of an item referred to in paragraph (i), (ii), (iii), or (iv) of this definition, regardless of whether such services are provided by the same source or at the same time as the item; and		
	(B) The source of such services provides similar services contemporaneously to the general public under terms and conditions similar to those offered to the Federal Government;

	(vi) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved, and under standard commercial terms and conditions. For purposes of these services—
	(A) “ <i>Catalog price</i> ” means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and
	(B) “ <i>Market prices</i> ” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain, and that can be substantiated through competition or from sources independent of the offerors.
	(vii) Any item, combination of items, or service referred to in paragraphs (i) through (vi) of this definition, notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor; or
	(viii) A non-developmental item, if the procuring agency determines the item was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local governments.
(3)	<i>Computer database</i> means a collection of data recorded in a form capable of being processed and operated by a computer. The term does not include computer software.
(4)	<i>Computer program</i> means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.
(5)	<i>Computer software</i> means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. The term does not include computer databases or computer software documentation.
(6)	<i>Computer software documentation</i> means owner’s manuals, user’s manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using or maintaining the computer software.
(7)	<i>Form, fit, and function data</i> means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items. For computer software it means data identifying source, functional characteristics, and performance requirements, but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.
(8)	<i>Technical data</i> means recorded information (regardless of the form or method of the recording, including computer databases) of a scientific or technical nature (including computer software documentation). The term includes recorded information of a scientific or technical nature that is included in computer databases. (See 41 U.S.C. §403(8)). This term does not include computer software or business data.
(b)	License in Commercial Technical Data.

- (1) The Government shall have the unrestricted right to use, modify, reproduce, release, perform, display, or disclose technical data relating to a commercial item, and to permit others to do so, that:
 - (i) Have been provided to the Government or others without restrictions on use, modification, reproduction, release, or further disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party, or the sale or transfer of some or all of a business entity or its assets to another party;
 - (ii) Are form, fit, and function data;
 - (iii) Are a correction or change to technical data furnished to the contractor by the Government;
 - (iv) Are necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or
 - (v) Have been provided to the Government under a prior contract or licensing agreement through which the Government has acquired the rights to use, modify, reproduce, release, perform, display, or disclose technical data without restrictions.
- (2) Except as provided in paragraph (b)(1), the Government may use, modify, reproduce, release, perform, display, or disclose technical data within the Government only.
- (3) The Government shall not use the technical data to manufacture additional quantities or release, perform, display, disclose, or authorize use of the technical data outside the Government without the contractor's written permission unless a release, disclosure, or permitted use is necessary for emergency repair or overhaul of the commercial items furnished under this contract.
- (c) License in Commercial Computer Software. Commercial computer software and commercial computer software documentation shall be acquired under the licenses customarily provided to the public unless such licenses are inconsistent with federal procurement law or do not otherwise satisfy user needs. The Government shall have only the rights specified in the license under which the commercial computer software and commercial computer software documentation was obtained. Such license shall be attached to and made a part of this contract.
- (d) Additional License Rights. The contractor and its subcontractors are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software. However, if the Government desires to obtain additional rights in technical data or computer software, the contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether acceptable terms for transferring such rights can be reached. All technical data and computer software in which the contractor grants the Government additional rights shall be listed or described in a special license agreement made part of this contract. The license shall specifically enumerate the additional rights granted the Government.
- (e) Release From Liability. The contractor agrees that the Government, and other persons to whom the Government may have released or disclosed technical data or computer software delivered or otherwise furnished under this contract, shall have no liability for any release or disclosure of technical data or computer software that are not marked to indicate that such data are licensed data subject to use, modification, reproduction, release, performance, display, or disclosure restrictions.

| (2) | Except as provided in paragraph (i)(3) of this clause, technical data and/or computer software that the contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the "Attachment"). The contractor shall not deliver any technical data or computer software with restrictive markings unless the technical data or computer software is listed in the Attachment. |
| (3) | The contractor may make other assertions of other than unlimited rights in technical data and/or computer software after contract award. Such assertions must be based on new information or inadvertent omission unless the inadvertent omission would have materially affected the source selection decision in the reasonable determination of the Contracting Officer (in which case no assertion based on an inadvertent omission may be allowed). |
| (4) | The contractor shall submit such post-contract award assertion(s) to the Contracting Officer as soon as practicable but prior to the scheduled date for delivery of the technical data or computer software. All new assertions submitted after award shall be added to the Attachment in a timely fashion after submission of the assertion to the Contracting Officer. An official authorized to contractually obligate the contractor must sign the assertion(s). The contractor assertion(s) shall include the information specified in paragraph (d) of clause G52.227-004, <i>Identification and Assertion of Use, Release, or Disclosure Restrictions</i> . |
| (5) | The Contracting Officer may request the contractor to provide sufficient information to enable the Government to evaluate the contractor's assertion(s). The Contracting Officer reserves the right to add the contractor's assertions to the Attachment and validate any listed assertion at a later date in accordance with the procedures outlined in clause G52.227-003, <i>Validation of Restrictive Markings on Technical Data and Computer Software</i> . |
| (j) | Marking Requirements for Delivered Technical Data or Computer Software. The contractor may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data and computer software delivered to the Government by marking such technical data and computer software. Such markings shall be in the form of legends found in paragraphs (k)(1) through (4), or as otherwise authorized in this contract, (e.g., pursuant to an agreement for the marking of mixed data pursuant to paragraph (d) of this clause). The notice of copyright prescribed under 17 U.S.C. §401 or §402 (with language, if applicable, noting that the Government contributed funding and therefore has rights in the copyrighted material as specified in clause G52.227-002) is also allowed. |
| (k) | General Marking Instructions. The contractor shall conspicuously and legibly mark the appropriate legend on all technical data and computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, on the title/cover page of the printed material containing technical data or computer software for which restrictions are asserted. Mark each subsequent sheet of data with an abbreviated marking(s) to indicate the applicable restrictive rights assertion(s), and refer to the title/cover page for additional information. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, annotating, or other appropriate identifier. Technical data and computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of technical data and computer software, or any portions thereof subject to asserted restrictions, shall also reproduce the asserted restrictions. |

If, upon review of the explanation submitted, the Contracting Officer remains unable to ascertain the basis of the restrictive marking, the Contracting Officer may further request the contractor to furnish additional information in the records of, or otherwise in the possession of or reasonably available to, the contractor to justify the validity of any restrictive marking on technical data or computer software, accompanied with supporting documentation. The contractor shall submit such written data within a reasonable time after it is requested by the Contracting Officer. (2) If the Contracting Officer, after reviewing the written data furnished pursuant to paragraph (c)(1) of this clause, or any other available information pertaining to the validity of a restrictive marking, determines that reasonable grounds exist to question the current validity of the marking, and that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data or computer software relates, the Contracting Officer shall follow the procedures in paragraph (d) of this clause. (3) If the contractor fails to respond to the Contracting Officer's request for information under paragraph (c)(1) of this clause, and the Contracting Officer determines that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data or computer software relates, the Contracting Officer may challenge the validity of the marking as described in paragraph (d) of this clause. |

- (4) A contractor or subcontractor receiving challenges to the same restrictive markings from more than one Contracting Officer shall notify each Contracting Officer of the existence of more than one challenge. The notice shall also state which Contracting Officer initiated the first unanswered challenge. The Contracting Officer initiating the first unanswered challenge after consultation with the contractor and the other Contracting Officers, shall formulate and distribute a schedule for responding to each of the challenge notices to all interested parties. The schedule shall afford the contractor an opportunity to respond to each challenge notice. All parties will be bound by this schedule.
- (e) Final Decision When Contractor or Subcontractor Fails to Respond. When a contractor or subcontractor fails to respond to a challenge notice, other than a failure to respond to a challenge related to a commercial item, the Contracting Officer will issue a final decision to the contractor or subcontractor in accordance with the *Disputes* clause of this contract pertaining to the validity of the asserted restriction. This final decision shall be issued as soon as possible after the expiration of the time period of paragraph (d)(1)(ii) or (d)(2) of this clause. Following issuance of the final decision, the Contracting Officer will comply with the procedures in paragraphs (f)(2)(ii) through (iv) of this clause.
- (f) Final Decision When the Contractor Responds.
- (1) If the Contracting Officer determines that the contractor or subcontractor has justified the validity of the restrictive marking, the Contracting Officer shall issue a final decision to the contractor or subcontractor sustaining the validity of the restrictive marking, and stating that the Government will continue to be bound by the restrictive marking. This final decision shall be issued within sixty (60) days after receipt of the contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the contractor or subcontractor that the Government will require. The notification of a longer period will be made within sixty (60) days after receipt of the response to the challenge notice.
- (2) (i) If the Contracting Officer determines that the validity of the restrictive marking is not justified, the Contracting Officer shall issue a final decision to the contractor or subcontractor in accordance with the *Disputes* clause of this contract. Notwithstanding paragraph (e) of the *Disputes* clause, the final decision shall be issued within sixty (60) days after receipt of the contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the contractor or subcontractor that the Government will require. The notification of a longer period will be made within sixty (60) days after receipt of the response to the challenge notice.
- (ii) The Government agrees that it will continue to be bound by the restrictive marking for ninety (90) days from the issuance of the Contracting Officer's final decision. The contractor agrees that if it intends to file suit in the United States Claims Court, it will provide a notice of intent to file suit to the Contracting Officer within ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (f)(2)(i) of this clause. If the contractor fails to appeal, file suit, or provide a notice of intent to file suit to the Contracting Officer within the ninety-day period, the Government may cancel or ignore the restrictive markings, and the failure of the contractor to take the required action constitutes agreement with the Contracting Officer's final decision.

otherwise provided by the Contractor or subcontractor in the performance of a contract. During the period within three (3) years of final payment on a contract, or within three (3) years of delivery of the technical data or computer software to the Government, whichever is later, the Contracting Officer may review and make a written determination to challenge any restriction. The Government may, however, challenge a restriction on the release, disclosure, or use of technical data or computer software at any time if such technical data or computer software:

- (1) Is publicly available;
- (2) Has been furnished to the United States without restriction; or
- (3) Has been otherwise made available without restriction.

- (i) Decision Not to Challenge. The absence of a challenge to an asserted restriction shall not constitute "validation" under this clause. Only the Contracting Officer's final decision resolving a formal challenge by sustaining the validity of a restrictive marking, or actions of an agency Board of Contract Appeals or a court of competent jurisdiction sustaining the assertion, constitutes "validation" as addressed in 10 U.S.C. §2321.
- (j) Privity of Contract. The contractor or subcontractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors at any tier that assert restrictive markings or assert restrictions on the Government's right to use, modify, release, perform, display, or disclose technical data or computer software. However, neither this clause nor any action taken by the Government under this clause shall create or imply privity of contract between the Government and subcontractors.
- (k) Flowdown. The contractor or subcontractor agrees to insert this clause in contractual instruments with its subcontractors or suppliers at any tier requiring the delivery of technical data or computer software, except contractual instruments for commercial items or commercial components.

Identification and Assertion of Use, Release, or Disclosure Restrictions (OCT 2015)

- (a) The terms used in this clause are defined in the Technical Data and Computer Software: Noncommercial Items clause contained in this contract.
- (b) The identification and assertion requirements in this clause apply to technical data and computer software to be delivered with other than unlimited rights. Notification and identification is not required for restrictions based solely on copyright.
- (c) Offers submitted in response to this solicitation shall identify, to the extent known at the time an offer is submitted to the Government, the technical data or computer software that the offeror, its subcontractors or suppliers, or potential subcontractors or suppliers, assert should be furnished to the Government with restrictions on use, release, or disclosure.
- (d) The contractor's assertions, including the assertions of its subcontractors or suppliers, shall be submitted as an attachment to its offer/proposal in the following format, dated and signed by an official authorized to contractually obligate the contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software

- (1) For technical data (other than computer software documentation) pertaining to items, components, or processes developed at private expense, identify both the deliverable technical data and each such item, component, or process (to include document titles, version numbers, and dates for clarity). For computer software or computer software documentation, identify the software or documentation (to include document and software titles, version numbers, and dates for clarity).
- (2) Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions. For technical data, other than computer software documentation, development refers to development of the item, component, or process to which the data pertain. The Government's rights in computer software documentation generally may not be restricted. For computer software, development refers to the software. Indicate whether development was accomplished exclusively or partially at private expense. If development was not accomplished at private expense, or for computer software documentation, enter the specific basis for asserting restrictions.
- (3) Enter the asserted rights category (e.g., Government purpose license rights from a prior contract, limited, restricted, or Government purpose rights under this or a prior contract, or specially negotiated licenses).

- (f) If the contractor is awarded a contract, the assertions identified in paragraph (d) of this provision shall be included in an attachment (the Attachment) and incorporated as a separate attachment in the resultant contract. Upon request by the Contracting Officer, the contractor shall provide sufficient information to enable the Contracting Officer to evaluate any listed assertion. Updates to the assertion list shall be included in an amended Attachment.

- (2) GFI Marked with Government Purpose Rights Legends. The contractor shall use technical data or computer software received from the Government with Government purpose rights legends for Government purposes only. The contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such technical data or computer software for any commercial purpose, or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the contractor shall coordinate with the Contracting Officer before requiring the persons to whom disclosure will be made to complete and sign non-disclosure agreements including the same limitations included in this paragraph.
- (3) GFI Marked with Special License Rights Legends. The contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license.
- (c) Indemnification and Creation of Third Party Beneficiary Rights. The contractor agrees:
- (1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the contractor or any person to whom the contractor has released or disclosed such data or software; and
 - (2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the contractor, or any person to whom the contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

Rights in Bid or Proposal Information (JAN 2004)

- (a) Definitions. The terms "technical data" and "computer software" are defined in the *Rights in Technical Data and Computer Software: Noncommercial Items* clause of this contract.
- (b) Government Rights to Contract Award. By submission of its offer, the offeror agrees that the Government:
 - (1) May reproduce the bid or proposal, or any portions thereof, to the extent necessary to evaluate the offer.
 - (2) Except as provided in paragraph (d) of this clause, shall use information contained in the bid or proposal only for evaluational purposes and shall not disclose, directly or indirectly, such information to any person, including potential evaluators, unless that person has been authorized by the Contracting Officer to receive such information.
- (c) Government Rights Subsequent to Contract Award. The contractor agrees:
 - (1) Except as provided in paragraphs (c)(2), (d), and (e) of this clause, the Government shall have the rights to use, modify, reproduce, release, perform, display, or disclose information contained in the contractor's bid or proposal within the Government.
 - (2) The Government's right to use, modify, reproduce, release, perform, display, or disclose information that is technical data or computer software required to be delivered under this contract are determined by the *Rights in Technical Data and Computer Software: Noncommercial Items* clause of this contract.
- (d) Government-Furnished Information. The Government's rights with respect to technical data or computer software contained in the contractor's bid or proposal provided to the contractor by the Government are subject only to restrictions on use, modification, reproduction, release, performance, display, or disclosure, if any, imposed by the developer or licensor of such data or software.
- (e) Information Available Without Restrictions. The Government's rights to use, modify, reproduce, release, perform, display, or disclose information contained in a bid or proposal, including technical data or computer software, and to permit others to do so, shall not be restricted in any manner if such information has been released or disclosed to the Government or to other persons without restrictions other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the information to another party, or the sale or transfer of some or all of a business entity or its assets to another party.
- (f) Flowdown. The contractor shall include this clause in all subcontracts or similar contractual instruments, and require its subcontractors or suppliers to do so without alteration, except to identify the parties.

the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

- (1) An additional non-disclosure, confidentiality, proprietary information, or similar agreement may be required by the owner of the technical data or computer software, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data or computer software. In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution. The Government and contractor agree to cooperate to ensure that execution of any additional agreements shall not delay or inhibit performance of this contract. Such agreements shall not otherwise restrict any rights due the Government under this contract. All rights not granted to the Government are retained by the contractor.
- (d) The Government shall not use, nor allow others to use, such technical data or computer software for the purposes of manufacturing, re-procurement, or other competitive purposes against the contractor's interest, or any other purpose not directly related to this contract. The restrictions on use and further disclosure shall not apply to technical data or computer software:
 - (1) Independently developed by or for the Government by persons not having access to the contractor's technical data or computer software, as evidenced in written documentation;
 - (2) In which the Government has otherwise acquired lawful rights in the use and further disclosure of the technical data or computer software; or
 - (3) Are otherwise publically available.
- (e) The Government shall comply with reasonable access terms. Nothing in this clause diminishes the Government's rights under any other provision of this contract in delivered technical data or computer software.
- (f) All technical data or computer software to which the Government is provided access under this clause that is not intended to be responsive to the formal contract data requirements is provided "as is," and does not give rise to any express or implied warranty. The contractor shall not be liable to the Government for any Government use or reliance on such technical data or computer software outside of the rights granted in this section.
- (g) Government access under this clause shall not modify the rights and obligations of the parties with respect to technical data or computer software under the contract's termination provisions. In addition, Government access to such technical data or computer software resident on a contractor system does not create a "Government record" for purposes of the Freedom of Information Act, 5 U.S.C. §552(b)(4).
- (h) The Government's rights to access, use, duplicate, and disclose technical data or computer software granted within this provision shall terminate upon earliest occurrence of any of the following events:
 - (1) Contractual delivery of the technical data or computer software;
 - (2) Termination of the contract; or
 - (3) The end of the period of performance of the contract.
- (i) Within six months of the termination of rights hereunder, the Government shall take reasonable efforts to destroy copies of the technical data and computer software disclosed under the provisions of this clause.
- (j) General Interim Access Marking Instructions.

G52.227-019	Pre-Award and Post-Award Identification and Assertion of Restrictions on Technical Data Pertaining to a Commercial Item and Commercial Computer Software (OCT 2015 - Modified)
--------------------	---

- (a) Identification and Assertion of Restrictions. The offeror shall not deliver or otherwise provide to Lockheed Martin any commercial technical data or commercial computer software with restrictive markings (or otherwise subject to restrictions on access, use, modification, reproduction, release, performance, display, or disclosure) unless the commercial technical data or commercial computer software are identified in accordance with the following requirements:
- (1) Pre-Award. The offeror (including its subcontractors or suppliers, or potential subcontractors or suppliers, at any tier) shall identify all commercial technical data and commercial computer software that it proposes will be delivered or otherwise provided (including all option CLINs, if exercised) with less than Unlimited Rights, to the extent known at the time an offer is submitted to the Lockheed Martin:
 - (i) The offeror shall also identify and assert any restrictions for all commercial computer software, including open source software, and commercial technical data (i.e., technical data pertaining to a commercial item) using the format provided in paragraph (d) below.
 - (ii) An offeror's failure to submit, adequately complete, or sign the notification and identification required by paragraph (d) of this clause with its offer will constitute a minor informality. If assertions are required and the offeror does not correct such informality within the time prescribed by the Lockheed Martin Procurement Representative, the offer may be ineligible for award.
 - (iii) If the offeror is awarded a contract, the assertions identified in this clause shall be listed in an attachment to that contract. Upon request by the Lockheed Martin Procurement Representative, the offeror shall provide sufficient information to enable the Contracting Officer to evaluate any listed assertion. Updates to the Commercial Assertions List shall be included in an amended attachment.
 - (2) Post-Award. In addition to the pre-award assertions made in the attachment pursuant to paragraph (b)(1)(iii), other assertions on technical data pertaining to a commercial item and commercial computer software may be identified after award when based on new information or inadvertent omissions, unless the inadvertent omissions would have materially affected the source selection decision. Such identifications and assertions shall be submitted to the Lockheed Martin Procurement Representative as soon as practicable prior to the scheduled date for delivery of the technical data/computer software, following the same requirements and using the same table format for pre-award assertions found in paragraph (d), and signed by an official authorized to contractually obligate the contractor.
- (b) Copies of Commercial Licenses. The offeror shall provide copies of all commercial licenses to commercial technical data or commercial computer software which the offeror proposes to deliver, including third party licenses, and these shall be submitted as an attachment to its offer. The Government will review the licenses to ensure that the licenses terms are consistent with federal procurement law and meet the Government's end user needs. All such commercial licenses will be made part of an attachment to the contract at award. If the offeror intends to deliver commercial technical data under the terms of clause G52.227-001, instead of its own commercial license, the offeror shall list clause G52.227-001 in the table at paragraph (d) below.

| (1) | Typical licensing terms that are inconsistent with federal procurement law can include jurisdiction and venue (must be Federal law and venue), indemnification of vendor and automatic renewals (Anti-Deficiency Act violation), order of precedence (the contract takes precedence over license), dispute resolution (must be in accordance with Disputes clause in the contract), and injunctive relief (no injunctive relief against the Government is available, per 28 USC §1498(b)). This list is not all-inclusive, but is intended to convey the most common license terms that are problematic to the Government, and the must be resolved prior to award. See clause G52.227-008, Commercial Technical Data and Computer Software Licensing - Order of Precedence, for additional clarification. |
| (2) | With respect to the Government program user needs for technical data and computer software delivered under this contract, the Government will need to distribute the commercial computer software and technical data outside of Government for any purpose where the Government is a party, but only under conditions that prohibit any further distribution by the third party recipient. To accomplish the distribution, the Government intends use non-disclosure agreements discussed in clauses G52.209-005, Protection of Information, and G52.209-008, Support Contractor Corporate Non-Disclosure Agreement. Additional non-disclosure agreements deemed necessary by the owner of the licensed technical data or computer software shall be submitted to the Lockheed Martin Procurement Representative to send to the Contracting Officer for review prior to execution. |
| (3) | If the offeror intends to use third party commercial technical data or commercial computer software in the performance of the contract, and then deliver the commercial technical data or computer software to Lockheed Martin and the Government at the conclusion of the contract, the offeror should list such commercial technical data or computer software in the table at paragraph (d). The offeror shall also ensure that the applicable license is transferable to the Government. The Government criteria for software license review will be the same for third party vendors as for the offeror's commercial computer software as described in paragraph (b)(1) and (b)(2) of this clause once the Government becomes the end user. The offeror should accomplish the actions in the paragraph prior to award of the contract. |
| (c) | Use of Open Source Software (OSS) Without Delivery. The Government treats OSS as a category of commercial computer software. If the contractor proposes to deliver OSS while performing under the contract, the contractor shall follow the same rules as prescribed in this clause as for commercial computer software. Additionally, if the contractor proposes to use, but not deliver, commercial computer software (including OSS), the contractor must ensure that such use does not: (i) create, or purport to create, any Government distribution obligations with respect to the computer software deliverables; or (ii) grant, or purport to grant, to any third party any rights to or immunities under Government intellectual property or Government data rights to the Government computer software deliverables. |

Subcontract Reporting, Monitoring and Consent (NOV 2011- Modified) with Alternate I (SEP 2009- Modified)

- (a) **Definition.** As used in this clause:
Commercial Item or Commercial Components are defined in FAR 2.101 for application to this clause. If minor modifications (as described in FAR 2.101 Commercial Items (3) (ii)) are made to the items to qualify them or bring them up to Government specifications, these items still meet the standard of Commercial Item or Commercial Components.
Foreign-owned company: A U.S.-owned subsidiary of a foreign-owned parent company is considered a foreign-owned company if the material is manufactured in or shipped from a foreign country.
Subcontract means any contract or contractual action entered into by the contractor or a subcontractor for the purpose of obtaining supplies, materials, equipment, or services of any kind under this contract. It includes, but is not limited to purchase orders, transfers of commercial items between divisions, subsidiaries, or affiliates of a contractor or subcontractor, and work performed within a company but outside the main location, division, or facility under an Intra-Work Transfer Agreement (IWTA), Intra-Divisional Work Agreement (IDWA), Assist Work Authorization (AWA), or other similar arrangement.
Subcontractor means any supplier, distributor, vendor, or firm that furnishes supplies, materials, equipment, or services of any kind under this contract or a subcontract entered into in connection with this contract, regardless of dollar value.
- (b) **Flow-Down.** The requirements of this clause must be included in all subcontracts directly chargeable to this contract, except for those subcontracts with U.S.-owned

	<p>(f) Privity. Government collection of subcontract information, surveillance of subcontractor performance, and consent to subcontract do not relieve the contractor of any responsibility for the effective management of all subcontracts and for the overall success of this contract. Actions taken under the authority of this clause do not establish privity of contract between the Government and subcontractors under this contract. The Government will not provide direction to or request action by any subcontractor except through Lockheed Martin. However, all subcontractors must respond to direct requests for information from the Government, either directly or through Lockheed Martin, as long as the requests do not impact cost or schedule. (The term “Government” does not include Support Contractors or consultants working for the Government.) (2) The inspection and testing of electronic parts, including criteria for acceptance and rejection. Tests and inspections shall be performed in accordance with accepted Government- and Industry-recognized techniques. Selection of tests and inspections shall be based on minimizing risk to the Government. Determination of risk shall be based on the assessed probability of receiving a counterfeit electronic part; the probability that the inspection or test selected will detect a counterfeit electronic part; and the potential negative consequences of a counterfeit electronic part being installed (e.g., human safety, mission success) where such consequences are made known to the contractor. (3) Processes to abolish counterfeit parts proliferation within the contractor's supply chain. (4) Risk-based processes that enable tracking of electronic parts from the original manufacturer to product acceptance by the Government, whether the electronic parts are supplied as discrete electronic parts or are contained in assemblies, in

(6)	Reporting and quarantining of counterfeit electronic parts and suspect counterfeit electronic parts. Reporting is required to the LOCKHEED MARTIN Procurement Representative and to the Government-Industry Data Exchange Program (GIDEP) within 30 days after the contractor becomes aware of, or has reason to suspect that, any electronic part or end item, component, part, or assembly containing electronic parts purchased by the Government, or purchased by a contractor for delivery to, or on behalf of, the Government, contains counterfeit electronic parts or suspect counterfeit electronic parts. Counterfeit electronic parts and suspect counterfeit electronic parts shall be quarantined and protected as evidence along with original documentation, and shall not be returned to the seller or otherwise returned to the supply chain until such time that the parts are determined to be authentic. The contractor shall not notify the source supplier that the items are suspected of being counterfeit.
(7)	Methodologies to identify suspect counterfeit parts and to rapidly determine if a suspect counterfeit part is, in fact, counterfeit.
(8)	Design, operation, and maintenance of systems to detect and avoid counterfeit electronic parts and suspect counterfeit electronic parts. The contractor may elect to use current Government- or Industry-recognized standards to meet this requirement.
(9)	Flow down of counterfeit detection and avoidance requirements, including applicable system criteria provided herein, to subcontractors at all levels in the supply chain that are responsible for buying or selling electronic parts or assemblies containing electronic parts, or for performing authentication testing.
(10)	Process for keeping continually informed of current counterfeiting information and trends, including detection and avoidance techniques contained in appropriate industry standards, and using such information and techniques for continuously upgrading internal processes.
(11)	Process for screening GIDEP reports and other credible sources of counterfeiting information to avoid the purchase or use of counterfeit electronic parts.
(12)	Control of obsolete electronic parts in order to maximize the availability and use of authentic, originally designed, and qualified electronic parts throughout the product's life cycle.
(d)	The contractor shall provide, upon request, supporting evidence of the implementation of these counterfeit control requirements and support periodic discussion and confirmation at program audits and/or reviews. In addition, the contractor shall support when requested, the Government's review and evaluation of the contractor's policies and procedures that will be accomplished as part of the evaluation of the contractor's purchasing system.
(e)	The contractor shall include the substance of this clause, including paragraphs (a) through (e), in subcontracts, including subcontracts for commercial items, for electronic parts or assemblies containing electronic parts.

It is also the Government's intent to protect the proprietary rights of industrial contractors whose data the contractor may receive in fulfilling its contractual commitments hereunder.</p> <p>(b) Accordingly, the contractor agrees that it shall not disclose, divulge, discuss, or otherwise reveal information to anyone or any organization not authorized access to such information. The contractor shall require each individual requiring access to sensitive or proprietary information, including each of its current and future employees assigned to work under this contract, and each subcontractor and its current and future employees assigned to work on subcontracts issued hereunder, to execute an implementing nondisclosure agreement (NDA) before granting access to such information. The contractor shall make these individual agreements (or a listing of the employees executing such an agreement) available to the Contracting Officer upon request. These restrictions do not apply to such information after the Government has released it to the contractor community, either in preparation for or as part of a future procurement, or through such means as dissemination at Contractor Industrial Forums.</p> <p>(c) The contractor shall include in each subcontract a clause requiring compliance by the subcontractor and succeeding levels of subcontractors with the terms and conditions herein.</p> <p>(d) The contractor shall indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data with restrictive legends received in performance of this contract by the contractor or any person to whom the contractor has released or disclosed the data.</p> <p>(e) The contractor shall allow the Government to review contractor compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate.</p>

- engineering, technical direction and assistance; operations and maintenance activities; and other services that may provide contractor employees access to sensitive or proprietary information. (5) *Unauthorized disclosure* means the disclosure of sensitive or proprietary information to any party who does not have a need to know that information or who is not contractually authorized to access the information.
- (b) Purpose. This support contract requires the contractor to have access to sensitive information and the proprietary information of other contractors, subcontractors, suppliers, and vendors. Any sensitive or proprietary information disclosed to the contractor by the Government, another authorized contractor, or a disclosing party under the provisions of this clause shall not be used by the receiving contractor for any purpose other than support of the Government contract for which it was furnished. The contractor understands that its unauthorized disclosure of such sensitive or proprietary information would be injurious to the interests of the Government and the owner of the information, and shall therefore protect such information from disclosure by exercising the same degree of care used to protect its own proprietary information, and with no less than a reasonable standard of care for protection.
 - (c) Corporate Non-Disclosure Agreement. To relieve the contractor from the burden of negotiating separate agreements to access or use disclosed proprietary information originating from other contractors, subcontractors, suppliers, and vendors, as well as U.S. Government program offices, the Government and contractor agree that this clause sets forth the rights and obligations of the contractor in its role as a support contractor and its subcontractors regarding the use, handling, protection, and safeguarding of sensitive or proprietary information on this contract. The contractor agrees to protect any such information for as long as it remains subject to restrictions. This clause is meant to satisfy the non-disclosure agreement (NDA) requirements set forth in 10 U.S.C. §2320(f)(2)(B). As such, the contractor shall only enter into a separate NDA, confidentiality agreement, proprietary information agreement, or similar agreement with a disclosing party whose proprietary information is accessed or used in the performance of this contract on an exception basis, such as when the contractor is or may reasonably be expected to be a competitor of the disclosing party. The contractor shall notify the Contracting Officer if an additional agreement is required by a disclosing party. Any such protections provided by such agreement for contractor proprietary information are in addition to, and take precedence over, the terms of this clause regarding contractor proprietary information.
 - (d) Third-Party Beneficiaries. In its role as a support contractor, the contractor agrees that each disclosing party (contractor, subcontractor, supplier, or vendor) which, pursuant to its U.S. Government contract or subcontract, discloses proprietary information to the Government or to the support contractor is a third-party beneficiary of this clause.
 - (e) Liability for Unauthorized Disclosure. The contractor agrees that the unauthorized disclosure of sensitive or proprietary information constitutes a breach of contract that may subject the contractor to appropriate legal remedies. If the Government or the disclosing party seeks legal remedy for breach by the contractor in their role as a support contractor, the contractor agrees:
 - (1) It will not require the Government to be added as a necessary party to any enforcement action between the disclosing party and the contractor;
 - (2) It will not seek a court to require either to post bond or to prove damages to seek injunctive relief;
 - (3) To consent to federal jurisdiction for Government actions; and
 - (4) That the disclosing party may bring a direct, civil action in law or equity against the support contractor in any state or federal court of competent jurisdiction.

(f)	Cooperation. The contractor agrees in the event of an unauthorized disclosure, whether suspected or actual, to promptly notify the Government and the disclosing party, and cooperate with the Government and the disclosing party, whether acting separately or independently, in support of any reasonable fact-finding efforts and mutually agreed upon resolution actions. Any costs incurred by the contractor in said fact-finding efforts will not be passed on to the Government or disclosing party.
(g)	Flowdown. The requirements of this clause shall be flowed down to and included in all subcontracts directly chargeable to this contract. The contractor shall notify the Contracting Officer within seven business days of the award of any support subcontract. The notification shall identify the programs and/or contracts being supported, certify that the subcontractors have executed all appropriate implementing NDAs, and confirm that the terms of this clause have been accepted by the subcontractor.
(h)	Implementing NDAs. Except as set forth elsewhere in this clause, the contractor shall make sensitive or proprietary information available only to individuals who have a valid need to access the information. The contractor shall require each individual requiring access to sensitive or proprietary information to execute an implementing NDA before granting access to such information. This individual implementing NDA shall include all the elements specified below.

**AGREEMENT ON NON-DISCLOSURE OF
ADVANCED SENSITIVE AND PROPRIETARY INFORMATION**

Definitions

Proprietary Information means information contained in a bid or proposal, cost or pricing data, or any other information disclosed to the Government that is properly designated and/or marked as proprietary by a contractor in accordance with law, regulation, or commercial practice, and is held in confidence or disclosed under restriction to prevent uncontrolled distribution.

Sensitive Information means non-public, Government planning, budgetary, and acquisition information (to include source selection information under 41 U.S.C. §423, and advanced acquisition and contract information), and any contractor technical data or computer software furnished to the Government with less than unlimited rights as defined in clause G52.227-002.

I, _____, have been assigned to perform advisory and assistance services for the U.S. Government which is covered under the terms of [*Insert OCI Plan title and date*]. I understand that the work to be performed under contracts where this OCI Plan is in effect may require access to sensitive information and/or proprietary information, and may support internal Government decision-making regarding future acquisitions. I understand that disclosure of such information would be injurious to the interests of the Government and/or the contractors involved, and I further acknowledge that unauthorized transmission or revelation of this information could subject me to prosecution under Federal Procurement Integrity laws.

The contractor shall maintain a list of individuals who have signed NDAs and have access to sensitive or proprietary information as an attachment to its approved OCI Plan for this contract, and submit an annual certification of compliance with the terms of the plan.

- (i) Identification of Proprietary Information. Proprietary information shall be protected pursuant to this clause if it is disclosed:
 - (1) In writing and clearly marked on its face as "proprietary" or with other words of similar meaning;
 - (2) Orally or visually (for instance, during a plant tour, briefing, or demonstration), and is identified as proprietary at the time of the oral or visual disclosure by the Government or a contractor. The contractor shall treat all such information as proprietary unless within fifteen days the contractor coordinates with the Government or disclosing party to obtain a written version of the proprietary information and determine the extent of the proprietary claims;
 - (3) By electronic transmission (e.g., facsimile, electronic mail, etc.) in either human readable form or machine readable form, and the disclosing party marks it electronically as proprietary within the electronic transmission, with such marking to be displayed in human readable form along with any display of the proprietary information; or
 - (4) By delivery of an electronic storage medium or memory device, and the disclosing party marks the storage medium or memory device itself as containing proprietary information and electronically marks the stored information as proprietary, such marking to be displayed in human readable form along with any display of the proprietary information.
- (j) Permissible Disclosure. Notwithstanding paragraph (e) above, the contractor is authorized to discuss and disclose sensitive or proprietary information that it receives in support of a particular Government program to employees of that particular Government program office pursuant to this contract pursuant to this contract and the license granted the Government by the disclosing party (including other support contractors supporting that same specific program), and other senior Government executives outside of the program offices provided that any sensitive or proprietary information continues to bear the same legend(s) affixed by the disclosing party, whether provided in its original form or in some other format.
