

PURCHASE ORDER TERMS AND CONDITIONS ATTACHMENT 3C-COMMERCIAL PROGRAMS
AND FASA GENERAL PROVISIONS

I. GENERAL PROVISIONS

1. ACCESS BY BUYER'S CUSTOMER

For the purpose of observing the status and quality of Seller's performance of work, Seller shall afford a limited number of Buyer's Customers' employees, and their designees, as approved by Seller, access to all Purchase Order activities including design reviews, systems and subsystems testing, program management reviews, test reviews and failure reviews at the Seller's facilities on a non-interference basis. Seller's approval of designees, requested by Buyer or Buyer's Customer, shall not be unreasonably withheld; provided, however, that such approval may be withheld if Seller has reasonable concerns as to the protection of its proprietary information or potential injury to its competitive market position(s). Such access shall be coordinated by Buyer with Buyer's Customer, and Seller and Buyer, at its discretion, shall be in attendance at all such sessions.

2. APPROVALS BY BUYER

Unless expressly stipulated elsewhere in this Purchase Order as being excepted from this provision, wherever this Purchase Order provides for submittal of designs, components, materials, processes, or other items for approval of Buyer or other authorized Buyer representative, such approvals shall not be construed as a complete check as to the adequacy of said design, materials, processes, components or items, nor as an agreement that the design, materials, processes, components or items will meet the requirements of this Purchase Order. Such approvals are for the purpose of insuring Buyer knowledge of Seller's plans and progress and will indicate only that Seller's general approach toward meeting contractual requirements is satisfactory. Such approvals shall in no way relieve Seller of the responsibility for any error or deficiency which may exist in the submitted design, component materials, processes, or other item, and Seller shall be responsible for meeting all the requirements of this Purchase Order.

3. ASSIGNMENT

Seller shall not assign or delegate this Purchase Order or any of its rights, duties or obligations hereunder to any third party without the prior express written approval of Buyer, except that claims for moneys due or to become due Seller from Lockheed Martin under this Purchase Order may be assigned to a bank, trust company or other financial institution, including any federal lending agency. Nothing in this Section shall restrict Seller from subcontracting with or procuring parts, materials or services in the ordinary course of performance of this Purchase Order.

4. BUYER OWNED/PROVIDED PROPERTY

Seller shall be responsible for loss of or damage to property of Buyer caused by the negligence or wrongful act or omission of Seller, its representatives, agents or employees.

5. CHANGES

(a) Lockheed Martin may at any time by written notice, and without notice to sureties or assignees, make changes within the general scope of this order in any one or more of the following: (i) drawings, designs, or specifications; (ii) method of shipping or packing; (iii) place of inspection, acceptance, or point of delivery; and (iv) delivery schedule. Should any such change increase or decrease the cost of, or the time required for, performance of this order, an equitable adjustment may be requested by Seller or Lockheed Martin in the price, or delivery schedule, or both. No request by Seller for adjustment will be valid unless submitted to Lockheed Martin in a form acceptable to Lockheed Martin within twenty-five (25) days from the date of notice of such change, and accompanied by an estimate of charges for redundant material or work in process, if any. Where the cost of property made redundant as a result of a change is included in Seller's claim for adjustment, Lockheed Martin shall have the right to prescribe the manner of disposition of such property.

(b) Seller agrees that its failure to submit such claim or claims within the applicable time period shall constitute a waiver thereof unless for good cause, Seller requests in writing prior to expiration of the applicable time period that a time extension for filing its claim or claims be granted by Lockheed Martin and Lockheed Martin grants such extension. Any such extensions, if approved, shall be effective only if authorized in writing by Lockheed Martin's authorized procurement representative. Prior to final settlement of any timely filed claim or claims, Seller may submit revisions to such claim or claims provided that such revisions do not introduce different areas of costs or claim elements.

(c) Any clarification, direction, approval, or assistance as may be provided by Lockheed Martin concerning the work to be performed or the

supplies to be furnished pursuant to this order shall not constitute or be construed as a change to this order and no change order, express or implied, will be binding unless it is issued by written notice by Lockheed Martin's authorized Procurement Representative in accordance with paragraph (a) of this clause.

(d) Nothing contained in this clause shall relieve Seller from proceeding without delay in the performance of this order as changed.

6. COMPLIANCE WITH LAWS

(a) Seller agrees to comply with all applicable local, state and federal laws, executive orders and regulations issued pursuant thereto and agrees to defend, indemnify, and hold Lockheed Martin harmless from any claim, suit, loss, cost, damage, expense (including reasonable attorneys' fees) or liability by reason of Seller's violation hereof. Nothing in this Purchase Order or in any requirement under this Purchase Order shall be construed to mean that Seller should perform such work in violation of any law, statute, code or ordinance.

(b) If Buyer is fined or penalized as a result of any violation of any law or regulation by Seller or Seller's lower-tier suppliers, or, where this Purchase Order is pursuant to a Buyer prime contract, if Buyer's customer reduces Buyer's prime contract as a result of actions by Seller or Seller's lower-tier suppliers, Buyer shall reduce the amount of this Purchase Order by the same amount. If Buyer has already paid Seller, Seller shall, upon demand from Buyer, promptly repay to Buyer the amount of the offset. Exercise of Buyer's right under this clause shall not be a waiver of any rights Buyer has under any other clause or provision in this Purchase Order.

7. CROSS WAIVER OF LIABILITY (Applicable if this Purchase Order is in support of spacecraft, launch or spacecraft or related launch support services)

(a) In the event the U. S. Commercial Space Launch Act of 1984, as amended, is applicable to the launch of the spacecraft, to the extent required thereunder and by any launch service provider licensed thereunder, the parties hereto agree to make no claims against the other, the customers, the contractors and Sellers of the other at any tier (including Sellers of any kind), the officers, directors, agents, servants, and employees of the other, or any of them, with respect to injury to or death of either party's employees involved in, or damage to either party's property used in connection with all launches of space vehicles, except as provided by Section 16, INDEMNIFICATION. Both parties further agree to cause all of their respective contractors or Sellers at any tier (including Sellers of any kind) to make no such claims.

(b) Both parties hereby waive and shall cause their contractors and Sellers at any tier (including Sellers of any kind) to waive any cause of action in tort against the U. S. Government, its agents, employees, contractors and Sellers to the extent required by the U. S. Government, and agree to furnish appropriate waivers and releases as may be required to implement this Section in connection with the use of U. S. Government launch facilities, equipment or required launch support services.

(c) In the event that any launch of space vehicle is not subject to the U. S. Commercial Space Launch Act, both parties agree to accede to any waiver of claims, as may be required, pursuant to applicable law or as required by any launch service provider.

8. DEFAULT

(a) Buyer may, by written notice of Default, issued by Buyer's authorized representative, terminate the whole or any part of this Purchase Order if (i) Seller fails to make delivery of goods or documentation or to perform services within the time specified herein or any extension thereof; (ii) Seller fails to perform any of the other provisions of this Purchase Order; or (iii) Seller fails to make adequate progress so as to endanger performance of this Purchase Order in accordance with its terms. In either of these two latter circumstances, Seller shall have ten (10) days (or such longer period as Buyer may authorize in writing) to correct such failure after receipt of notice from Buyer specifying such failure.

(b) In the event Buyer terminates this Purchase Order in whole or in part as provided in paragraph (a) above, Buyer may procure, in such manner as Buyer may deem appropriate and within a reasonable period of time and with terms similar to this Purchase Order, goods, documentation and services similar to those so terminated, and the Seller shall be liable to Buyer for any excess costs for such similar goods, documentation and services. The Seller shall continue the performance of this Purchase Order to the extent not terminated by this Section.

(c) Except with respect to default of its Sellers, Seller shall not be liable for any excess costs or other damages if any failure to perform arises out of causes beyond the control and without the fault or negligence of Seller, and as

PURCHASE ORDER TERMS AND CONDITIONS ATTACHMENT 3C-COMMERCIAL PROGRAMS
AND FASA GENERAL PROVISIONS

defined under the provision of this Purchase Order entitled "DELAYS." Seller shall not be liable for any excess costs or other damages for failure to perform, due to such causes, unless the supplies or services to be furnished by the Seller were obtainable from other sources in sufficient time and at reasonable prices to permit Seller to meet the required delivery schedule. The term "Seller" as it is used in this clause means a Seller at any tier.

(d) If this Purchase Order is terminated, as provided in paragraph (a) of this Section, Buyer, in addition to any other rights provided in this Section, may require Seller to transfer title and deliver to Buyer in the manner and to the extent directed by Buyer, free and clear of all liens and claims, (i) any completed supplies and (ii) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information and subcontract rights as Seller has specifically produced or specifically acquired for the performance of any part of this Purchase Order which has been terminated. Seller shall protect and preserve property in possession of Seller in which Buyer has an interest.

(e) If after termination under the provisions of paragraph (a) of this Section, it is determined that failure to perform is due to causes beyond the control and without fault or negligence of Seller or its Seller, such Notice of Default shall be deemed to have been issued pursuant to the Section of this Purchase Order entitled "Termination" and the rights and obligations of the parties hereof shall, in such event, be governed by that Section, as if the termination had been effected under Section 27, TERMINATION.

(f) If this Purchase Order is terminated as provided in Paragraph (a) of this Section, Buyer, in addition to any other rights provided, shall be granted a perpetual, irrevocable, worldwide, non-exclusive, non-transferable right, royalty free right and license to make, have made, use and sell products and services utilizing such Background Intellectual Property rights. Such license is limited in scope to the Lockheed Martin prime contract and its successors. Licensing of the Background Intellectual Property to Buyer for use in derivatives and the conditions therefore shall be subject to the mutual agreement of the Parties. This License shall not include Seller trademarks except as may be separately licensed between the Parties.

(g) If this Purchase Order is terminated as provided in Paragraph (a) of this Section, Seller shall not be relieved of those obligations contained in this Agreement for the following provisions: Section 32, Warranty; Section 20, Patent Indemnity; Section 16, Indemnification; Section 21, Public Release of Information.

(h) Lockheed Martin's remedy for exercising the provisions included in this clause shall include the right to reprocurement costs. This remedy shall be in addition to, and not in lieu of, any remedies identified elsewhere in this Purchase Order or at law.

9. DEFINITIONS

As used herein, "Buyer", "LMMS" or "Lockheed Martin" means Lockheed Martin Corporation, acting by and through Missiles and Space with offices at 1111 Lockheed Martin Way, Sunnyvale, CA 94088-3504; "Seller" means the party identified on the face of this Purchase Order; and "supplies" means all articles, materials, work or services to be furnished by Seller under this Purchase Order. "Buyer's Authorized Procurement Representative" means the person or persons authorized by Buyer to alter, modify, or change the provisions of this Purchase Order.

10. DELAYS

(a) Without limiting any other provision specifying what constitutes an excusable delay under this Purchase Order, acts of Nature, acts of a public enemy, acts of a government acting in its sovereign capacity, including government priorities, allocations, regulations or orders affecting materials, facilities or deliverable items, fires, floods, ice storms, snowstorms, earthquakes, epidemics, quarantine restrictions, strikes, wars, freight embargoes, or any other events which cause failure or delay to perform hereunder, and in every case are beyond the reasonable control and without the fault of Seller hereunder shall constitute an excusable delay, if notice thereof is given by Seller to Buyer within thirty (30) calendar days after such event began and occasioned the delay.

(b) In the event of an excusable delay, resulting from any of the above causes, the performance schedule of this Purchase Order shall be extended equitably. Seller has the burden to prove that an event constitutes an excusable delay. Seller shall provide Buyer with evidence supporting Seller's claim of excusable delay and shall exert its best efforts to mitigate such schedule impact to the extent reasonable, including providing a work around schedule.

11. DELIVERY - ADVANCE MANUFACTURING OR PROCUREMENT

Delivery according to schedule is a major condition of this Purchase Order. Seller shall not, without Lockheed Martin's prior written consent, manufacture or procure materials in advance of Seller's normal flow time or deliver in advance of schedule. In the event of termination or change, no claim will be allowed for any such manufacture or procurement in advance of seller's normal flow time unless there has been prior written consent of Lockheed Martin. Unless authorized in writing by Lockheed Martin, Lockheed Martin may return, shipping charges collect, all articles received in advance of schedule or in excess of the number ordered. Invoices submitted for unauthorized early shipments will not be processed until the original specified delivery date.

12. DISPUTES

Except as otherwise specifically provided in this Purchase Order, all disputes, under this Purchase Order, which are not disposed of by mutual agreement, may be decided by recourse to legal action subject to controlling law as indicated in the clause entitled "Governing Law". Pending decision of any disputes hereunder, Seller shall diligently proceed with the performance of this Purchase Order as directed by Buyer in accordance with the provisions of this Purchase Order.

13. ENTIRE AGREEMENT

This Purchase Order constitutes the entire agreement between the parties and supersedes all prior understanding, commitments, and representations with respect to the subject matter, including the following:

(a) This Purchase Order may not be amended, modified or terminated other than as specifically provided in the Sections hereof, and none of its provisions may be waived, except in writing signed by an authorized representative of the party against which the waiver is sought to be enforced.

(b) The paragraph headings herein shall not be considered in interpreting the text of this Purchase Order. In the event any part of this Agreement is declared legally invalid or unenforceable by an authorized judicial body, such part of this Agreement shall be ineffective to the extent of such invalidity or unenforceability and shall not affect the remaining provisions of this Purchase Order.

(c) Seller agrees not to disclose the terms and conditions of this Purchase Order to any third party, except as required by law or U. S. Governmental regulations, without the prior written consent of Buyer.

(d) This Purchase Order shall not constitute, give effect to, nor otherwise imply a joint venture, partnership or formal business organization of any kind, and the rights and obligations of both parties shall be only those expressly set forth herein.

(e) Nothing contained in this Purchase Order shall be construed as conferring any license or right with respect to any trademark, trade or brand name, a corporate name of either Party or of any of their respective subsidiaries, or any name or mark, or contraction, abbreviation or simulation thereof.

(f) In performing any obligation, created under this Purchase Order, the Parties agree that each Party is acting as independent contractor and not as an agent of the other Party. Neither Party has any authority hereunder to assume or create any obligation or responsibility, expressed or implied, on behalf or in the name of the other Party or to bind the other Party in any way whatsoever.

(g) This Purchase Order becomes the exclusive agreement between the parties subject to the terms and conditions herein. Any of the following shall constitute Seller's unqualified acceptance of this order: (i) acknowledgment of this order, (ii) furnishing of any supplies under this order, (iii) acceptance of any payment under this order, or (iv) commencement of performance under this order. Additional or different terms or conditions proposed by Seller, or included in Seller's acknowledgment hereof, shall be void and of no effect unless accepted in writing by Buyer. No change in, modification of, or revision to, this order shall be valid unless in writing and signed by Buyer's Authorized Procurement Representative.

14. GOVERNING LAW

This Purchase Order and any dispute arising under or in connection with this Purchase Order shall be construed in accordance with and governed by the substantive laws of the State of California, excluding its conflict of law rules.

15. GRATUITIES/KICKBACKS

Seller, or any agent or representative of Seller, shall not offer, provide, or cause to be offered or provided, directly or indirectly, gratuities (in the form of entertainment, gifts, or otherwise) or kickbacks to any officer or employee of

PURCHASE ORDER TERMS AND CONDITIONS ATTACHMENT 3C-COMMERCIAL PROGRAMS
AND FASA GENERAL PROVISIONS

Lockheed Martin with a view toward securing this Purchase Order or securing favorable treatment with respect to the award or amendment of this Purchase Order or the making of any determination with respect to the performance of this Purchase Order. By accepting this order, Seller certifies that it has not and will not solicit or offer a kickback.

16. INDEMNIFICATION

In the event Seller, its employees, agents, subcontractors and/or lower-tier subcontractors enter premises occupied by or under the control of Lockheed Martin, its Customer, or third parties in the performance of this Purchase Order, Seller shall defend, indemnify, and hold harmless Lockheed Martin, its officers and employees and agents from any claim, suit, loss, cost, damage, expense (including attorneys' fees) or liability by reason of property damage or personal injury (including death) to any person (including Seller's employees), of whatsoever nature or kind arising out of, as a result of, or in connection with such performance occasioned in whole or in part by the actions or omissions of Seller, its employees, agents, subcontractors and/or lower-tier subcontractors. Seller shall take all precautions necessary, special or otherwise and shall be responsible for compliance with all Federal, state, and local safety and environmental laws in performance of work hereunder. Without in any way limiting the foregoing undertakings, Seller and its subcontractors and lower-tier subcontractors shall maintain commercial general liability and automobile liability insurance in prudent and reasonable limits covering the obligations set forth above, naming Buyer as an insured, and shall maintain, to the statutory limits required by law, proper worker's compensation insurance or state approved Worker's Compensation self insurance program, and employer's liability insurance covering all its employees performing this Purchase Order. Insurance maintained pursuant to this clause shall be considered primary as respects the interest of Buyer and is not contributory with any insurance which Buyer may carry. The requirement to provide insurance under this clause shall not in any manner limit or qualify the liabilities and obligations assumed by Seller under this order.

17. INSOLVENCY OR BANKRUPTCY

In the event Seller makes an assignment for the benefit of creditors, undergoes receivership, or enters or is placed in bankruptcy, Seller shall notify Lockheed Martin of the same in writing within thirty (30) days.

18. NOTICE REGARDING LATE DELIVERY

In the event Seller encounters difficulty in meeting performance requirements, or when Seller anticipates difficulty in complying with the Purchase Order delivery schedule or date, Seller shall immediately notify Lockheed Martin, in writing, giving pertinent details; provided, however, that this data shall be informational only in character and that this provision shall not be construed as a waiver by Lockheed Martin of any delivery schedule or of any rights or remedies provided by law or by this Purchase Order.

19. PACKING AND SHIPMENT

(a) Unless otherwise specified, all packing and packaging shall comply with good commercial practice and applicable carrier's tariffs. Supplies shall be prepared for shipment and packed to prevent damage or deterioration and to give optimum protection of the supplies during shipment and in plant handling and storage. The packaging, preparation, labeling and shipping of all HAZARDOUS SUBSTANCES, including DANGEROUS MATERIALS, RADIOACTIVE MATERIALS, and EXPLOSIVES must conform with all applicable international, federal, and state laws and regulations. For EXPLOSIVES, each part must be identified with the "Part Number" and "Loading Date" at a minimum. Shorting devices must be supplied on appropriate items. The price includes all charges for packing and packaging and for transportation to the F.O.B. point.

(b) If the terms of this order require delivery F.O.B. place of shipment, the Seller must at that place bear the expense and risk of putting them into the possession of the carrier and at its risk and expense load the supplies on board.

(c) If the terms of this order are based on F.O.B. place of destination, the Seller must at his own expense and risk transport the supplies to that place and tender delivery of them to Buyer.

(d) Failure to comply with Buyer's requirements or other shipping instructions will result in a debit to Seller for the excess costs and may result in the imposition of an administrative charge not to exceed \$25.

20. PATENT INDEMNITY, TRADEMARKS, AND COPYRIGHTS

To the extent that the supplies are produced to detailed designs not originated and furnished by Buyer or by a process or method, the use of which is not specifically directed by Buyer, Buyer shall have no responsibility to Seller for

infringement or misappropriation of patent, trademark, copyright, or trade secret rights of third parties and Seller guarantees that the sale or use of such supplies or the use of such process or method hereunder will not infringe or be a misappropriation of any United States or foreign patents, trademarks, copyrights, or trade secrets. Seller shall defend, indemnify, and hold Buyer and its customers harmless from any loss, cost, damage, expense (including attorney's fees), or liability which may be incurred on account of infringement or misappropriation, (actual or alleged), of patent rights, trademarks, copyrights, or trade secrets with respect to such supplies, and defend, at its own expense, any action or claim in which such infringement or misappropriation is alleged by third parties, provided Seller is notified in a timely manner, in writing of such actions or claims against Buyer.

21. PUBLIC RELEASE OF INFORMATION

(a) During the term of this Purchase Order, Seller shall seek the approval of Buyer at least 30 days prior to the release of items of publicity of any kind, including, without limitation, news releases, articles, brochures, advertisements, prepared speeches, external company reports and other information releases concerning the work performed or to be performed hereunder by Seller or any lower-tier Seller. Seller shall seek the approval of Buyer concerning the content and timing of such release. Such approval shall not be unreasonably withheld.

(b) Seller shall obtain Buyer approval, through the authorized representative, prior to visits or interaction with government, industrial or research organizations (other than lower-tier Sellers), when information pertaining to this Purchase Order is to be discussed with other than Buyer personnel. Seller shall also document to Buyer, within one week of any program information exchange with one of the above identified entities, the nature of the information exchanged, including the personnel involved, purpose of the exchange, subjects discussed and conclusions or decisions reached.

(c) The restrictions contained in paragraph (b) above shall not be construed to limit Seller's disclosure of such information as required by Federal, State, or local laws and regulations or courts of competent jurisdiction, or as required to meet credit and financing arrangements or as required or appropriate in Seller's judgment to satisfy the disclosure requirement of any Federal or State securities Laws or regulations. Seller shall not be precluded from revealing to the Government the existence and contents of this Purchase Order, nor from revealing performance information as it relates solely to Seller's actual program experience under this Purchase Order.

22. QUALITY CONTROL SYSTEM

Seller shall provide and maintain a quality control system certified to an industry recognized Quality Standard for the supplies covered by this Purchase Order. Seller shall similarly require its subcontractors to provide and maintain a certified quality control system where applicable.

23. REMEDIES

The rights and remedies provided herein shall be cumulative and in addition to any other rights and remedies provided by law or equity.

24. SAFETY AND ACCIDENT PREVENTION

In performing any work under this Purchase Order on premises which are under the direct control of Buyer or its Customer, Seller shall, and shall require its lower-tier subcontractors to (i) conform to all safety rules and requirements and (ii) take such additional precautions as Buyer or its Customer may reasonably require for safety and accident prevention purposes. Seller agrees to take all reasonable steps and precautions to prevent accidents and preserve the life and health of personnel performing or in any way coming in contact with the performance of this Purchase Order on such premises.

25. STOP WORK ORDER

(a) Buyer may, at any time, by written order to Seller, require the Seller to stop all, or any part of the work called for by this Purchase Order for a period of 180 days after the order is issued to the Seller, and for any further period to which the parties may agree. Any such order shall be specifically identified as a Stop Work Order issued pursuant to this Section. Upon receipt of such an order, the Seller shall immediately comply with its terms and take all reasonable steps to minimize additional costs allocable to the work covered by the Stop Work Order.

(b) If a Stop Work Order, issued under this Section, is canceled or the period of the Order expires the Seller shall resume work. An equitable adjustment shall be made in the affected delivery schedule(s) or Subcontract Line Item price(s), or both, as well as in other affected provisions, and the Purchase Order shall be modified in writing accordingly, if:

PURCHASE ORDER TERMS AND CONDITIONS ATTACHMENT 3C-COMMERCIAL PROGRAMS
AND FASA GENERAL PROVISIONS

1. The Stop Work Order results in an increase in the time required for, or in the Seller's cost required to provide or perform the affected goods, documentation or services; and

2. The Seller asserts a claim in writing, supported by a detailed cost and schedule proposal as defined in Section 5, (Changes) within thirty (30) days following the cancellation or expiration of the Stop Work Order or such extension of time as agreed to by the Parties.

26. TAXES AND DUTIES

(a) The prices, herein, include all transportation and related charges and all applicable taxes, duties, tariffs and similar liabilities whatsoever for delivery of all goods, documentation and services to Buyer at a destination in the continental United States, including all sales and use taxes and duty drawback claims.

(b) Seller shall be responsible for and pay all its appropriate and customary license fees, sales, use, service occupation, retailer's occupation, personal property and excise taxes, royalty fees, and any other fees, assessments or taxes which may be assessed or levied by any U. S. federal, state, local or foreign government and any departments and subdivisions thereof upon the products and services which Seller provides. Buyer will cooperate and assist Seller by taking reasonable action to reduce or eliminate any tariffs, duties, or other taxes or charges that may be assessed, including, but not limited to, the provision of any appropriate resale certificate.

27. TERMINATION

The performance of work under this order may be terminated in whole or in part, by Lockheed Martin for Lockheed Martin's convenience at any time and for any reason on Lockheed Martin giving written termination notice to Seller and shall pay to Seller termination charges computed in the following manner: (1) a sum computed and substantiated in accordance with standard accounting practices for those reasonable costs incurred by Seller prior to the date of termination for completed work, work in process, materials directly related to the order, for orderly phase out of performance as requested by Lockheed Martin in order to minimize the costs of the termination and for preparation and settlement of Seller's termination claim and (2) a reasonable profit on such work performed; provided, however, that Lockheed Martin shall not be liable to Seller for any costs which would not have been charged had the order not been terminated nor for any sum in excess of the total price stated in the order for terminated goods.

28. TITLE TRANSFER AND RISK OF LOSS

(a) Risk of loss or damage to items delivered under this Purchase Order shall pass to Buyer upon delivery to the point specified herein.

(b) All deliverable equipment, software or data items delivered hereunder shall be accepted or rejected in accordance with Section 30 below, within 30 days after Buyer receipt at the delivery points identified herein. Title to delivered equipment shall pass to Buyer upon acceptance.

29. USE OF LOCKHEED MARTIN'S DATA

Seller shall not reproduce, use, or disclose any data, designs, or other information belonging to or supplied by or on behalf of Lockheed Martin, except as necessary in the performance of orders for Lockheed Martin. Upon Lockheed Martin's request, such data, designs, or other information, and any copies thereof, shall be returned to Lockheed Martin. Lockheed Martin shall be considered the "person for whom the work was prepared" for the purpose of authorship in any copyrightable work created by Seller under this order. Where Lockheed Martin's data, designs, or other information are furnished to the Seller's suppliers for procurement of supplies by the Seller for use in the performance of Lockheed Martin's orders, Seller shall insert the substance of this provision in its orders. Except as specifically provided otherwise in this Purchase Order, Proprietary Information of Buyer disclosed hereunder to Seller may only be used by Seller in performance of the work specified in this Purchase Order.

30. VERIFICATION AND ACCEPTANCE

(a) Unless otherwise specifically identified herein, acceptance shall occur upon receipt of the deliverable item at Buyer's facilities. Buyer will accept deliverable items in writing or shall notify the Seller in writing of those particulars in which the items delivered do not meet the requirements of this Agreement within thirty (30) calendar days after delivery. In the event that any deliverable item or service is defective in material or workmanship, or otherwise not in conformity with the requirements of this Purchase Order, Buyer shall have the right to reject them (with or without instructions as to

their disposition) or to require their correction. Such items which have been rejected or required to be corrected shall be removed, or, if permitted or required by Buyer, corrected in place if this can be reasonably accomplished, by and at the expense of the Seller promptly after notice, and shall not thereafter be tendered for acceptance unless the former reason for rejection, repair or replacement is rectified. Buyer may notify Seller, in writing, of those particulars in which the items delivered do not meet the requirements of the Purchase Order. The period of the warranty, Section 32 herein, shall not be deemed to have started until such time as delivery of conforming items has occurred.

(b) Buyer may assign Engineering, Program Management and/or Quality Engineering representatives to Seller's facilities to conduct and maintain surveillance, as necessary, on an itinerant or resident basis to coordinate and ensure product quality, reliability and compliance with the requirements. Seller shall provide such representatives with reasonable access to facilities, equipment, personnel, documentation and unescorted access (except in areas where proprietary processes or data are located in which case access shall be on an escorted basis) to all areas essential to the proper conduct of the above described activity. Seller shall also provide such representatives with reasonable services and facilities to conduct such above described activities.

31. WAIVER

The failure of Buyer in any one or more instances to insist on performance of any of the provisions of this Purchase Order shall in no way be construed to be a waiver of such provision(s).

32. WARRANTY

(a) Seller warrants that, notwithstanding prior inspection and acceptance by Buyer, equipment sold hereunder will be free from defects in workmanship and materials, and will meet and comply with all requirements of samples, drawings and specifications referred to or incorporated by reference herein, at the time of delivery specified in this Purchase Order and continuing thereafter for one year.

(b) Upon the discovery of any defect in equipment supplied by Seller under this Purchase Order, Buyer will notify Seller, identifying the defective item and providing information on the nature of the defect. Seller shall promptly repair, or, if permitted by Buyer, replace or cause to be replaced defective units at the location specified by Buyer (but which represents no more than reasonable shipping expense to Seller), or allow Buyer to retain the defective unit(s) at a reduction in price which is equitable under the circumstances.

(c) Buyer agrees that it will provide access to Seller, if required, to delivered equipment at Buyer's facility in order to effect necessary repair or replacement.

(d) All warranties shall run to Buyer and its customers.

This warranty is in lieu of all other warranties, whether statutory, express or implied, including but not limited to warranties of merchantability or fitness for a particular purpose, all of which are expressly excluded

33. YEAR 2000 COMPLIANCE WARRANTY.

(a) Seller warrants that any products provided hereunder will accurately process or perform, prior to, during and after the year 2000, all: (i) date-related data and (ii) dates before, on or after January 1, 2000, including but not limited to accurately inputting, storing, manipulating, comparing, calculating, updating, recording, displaying, outputting, and transferring such dates and data.

(b) This warranty provision takes precedence over all other provisions of this agreement with respect to year 2000 compliance. Within thirty (30) calendar days of discovery of any non-compliance, the discovering party shall notify the other party and, at LMMS' option, Seller shall, within ten (10) calendar days of notice, repair or replace the noncompliant product at no cost to LMMS, or refund LMMS' purchase price. Nothing in this warranty provision shall be construed to limit any other rights at law or in equity that LMMS may have with respect to year 2000 compliance.

II. FEDERAL ACQUISITION STREAMLINING ACT (FASA)
FLOWDOWN PROVISIONS

PURCHASE ORDER TERMS AND CONDITIONS ATTACHMENT 3C-COMMERCIAL PROGRAMS
AND FASA GENERAL PROVISIONS

If this procurement is in support of a Government Prime Contract and is for commercial items as defined below, then the following clauses are also applicable.

(a) The Federal Acquisition Regulation (FAR) clauses referenced below are incorporated herein by reference, with the same force and effect as if they were given in full text, and are applicable, including any notes following the clause citation, during the performance of this Purchase Order. If the date or substance of any of the clauses listed below is different than the date or substance of the clause actually incorporated in the Prime Contract referenced by number herein, the date or substance of the clause incorporated by said Prime Contract shall apply instead.

(b) Additional Flowdowns. In the event that any clause required by law, regulation, policy, or the Prime Contract to be included in this Purchase Order is not already incorporated in this Purchase Order, or in the event that the Prime Contract is modified subsequent to the effective date of this Purchase Order so as to modify or add any additional such clause, the Seller agrees to enter into a modification of this Purchase Order to insert the substance of any such clause. If any such additional clause causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this Purchase Order, an equitable adjustment will be made in the Purchase Order price or delivery schedule, or both, pursuant to the "Changes" clause of this Purchase Order.

(c) This Purchase Order is entered into by the Parties in support of a contract between the US Government and Lockheed Martin Corporation.

(d) As used in the FAR clauses referenced below:

1. "Commercial item" means any item as defined in FAR 2.101.

2. "Contractor" means the individual, partnership, corporation, or business association acting as the immediate (first tier) subcontractor (Seller) to LOCKHEED MARTIN for the goods and services provided under this Purchase Order.

3. "Contract" means this Purchase Order.

4.
