# CHERRY HILL, NJ

Address: Lockheed Martin  
Advanced Technology Laboratories  
3 Executive Campus, Suite 600  
Cherry Hill, NJ 08002

## Important Visitor Instructions:

**Our site appearance:** There are many Executive Campus buildings. Our building, 3 Executive Campus, has a large 3 on the top of the building. In addition, you will see a large Lockheed Martin sign at the Lockheed Martin entrance of the building. For your convenience, there are LM visitor parking spaces located near this entrance. You may park in one of those or in the general parking spaces.

**Our check-in process (5 minutes):** When you enter the building, you will have to sign in at the lobby front desk and call your Lockheed Martin contact to escort you to the 6th Floor, where you will sign in again. If you are a Lockheed Martin employee, please wear your LM badge. If you are not a LM employee, the 6th Floor guard will ask you for identification/picture ID, and will give you a badge that you must wear in a plainly visible location. Acceptable forms of identification include: Passport (inform your contact person as soon as possible if you are not a U.S. Citizen), U.S. government ID badge, State driver's license, preferably with a picture. Your LM or provided badge grants you either unescorted or escorted privileges throughout your stay, depending on your affiliation and/or business purpose. Your host will make this determination in advance of your visit or will inform the guard upon your arrival.

**Recording devices:** Because ATL is a secure facility, the following items are not allowed to our floor of the building: cameras (film, video, digital), imaging equipment, tape recorders, sound recording devices. Cell phones are allowed, but camera/recording features may not be used, and they may not be taken into classified areas. If you are bringing a laptop to the building, it must be tagged at the front door as personal property when you arrive. It cannot be taken into any classified areas without written permission.

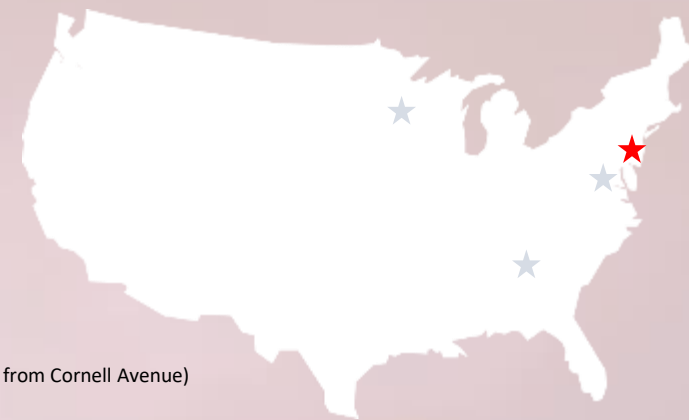

**Our checkout process (5 minutes):** Before you leave the building, you'll have to sign out at the guard desk and return your badge. The guard may ask to see the contents of your briefcase. You will also have to sign out at the 1st Floor lobby desk.
