

Document No: ESH-RFx-001, Rev. 2

Lockheed Martin Space Systems Company (LM) Contractor Environment, Safety & Health (ESH) Solicitation Requirements

Contractor must comply with the requirements set forth in this document. Further, Contractor must comply with the requirements, to the extent applicable, at this link: <https://www.lockheedmartin.com/content/dam/lockheed-martin/space/documents/engineering/esh/LMS-ESH-Contractor-Req-Dec2018.pdf>. Contractor must ensure its sub-tier subcontractors and suppliers comply with these requirements.

Contractor shall submit the following when responding to this solicitation or other request for information required as part of contractor selection, if they are performing any ESH-related activities under this contract:

Note: "ESH-related activities" mean, for example, construction, renovation, repair, maintenance, custodial work, environmental remediation, work with hazardous chemicals, or work in potentially hazardous locations.

1. Summary of Work-Related Injuries and Illnesses for the last 3 years (e.g., OSHA 300A log)
2. Regulatory Citations (OSHA, EPA, Federal, State, Local, etc.) for the last 3 years
3. Applicable Licenses
4. Request to use LMSSC equipment (*if applicable*)
Use of LMSSC owned/leased equipment/tools (e.g. portable ladders, cranes, hoists, aerial lifts, scissor lifts, forklifts, tools, Personal Protective Equipment (PPE), etc.) is prohibited, unless the Contractor obtains written permission from LM.
